

APAN48 -Endoscopy Club E-conference(22nd) Session

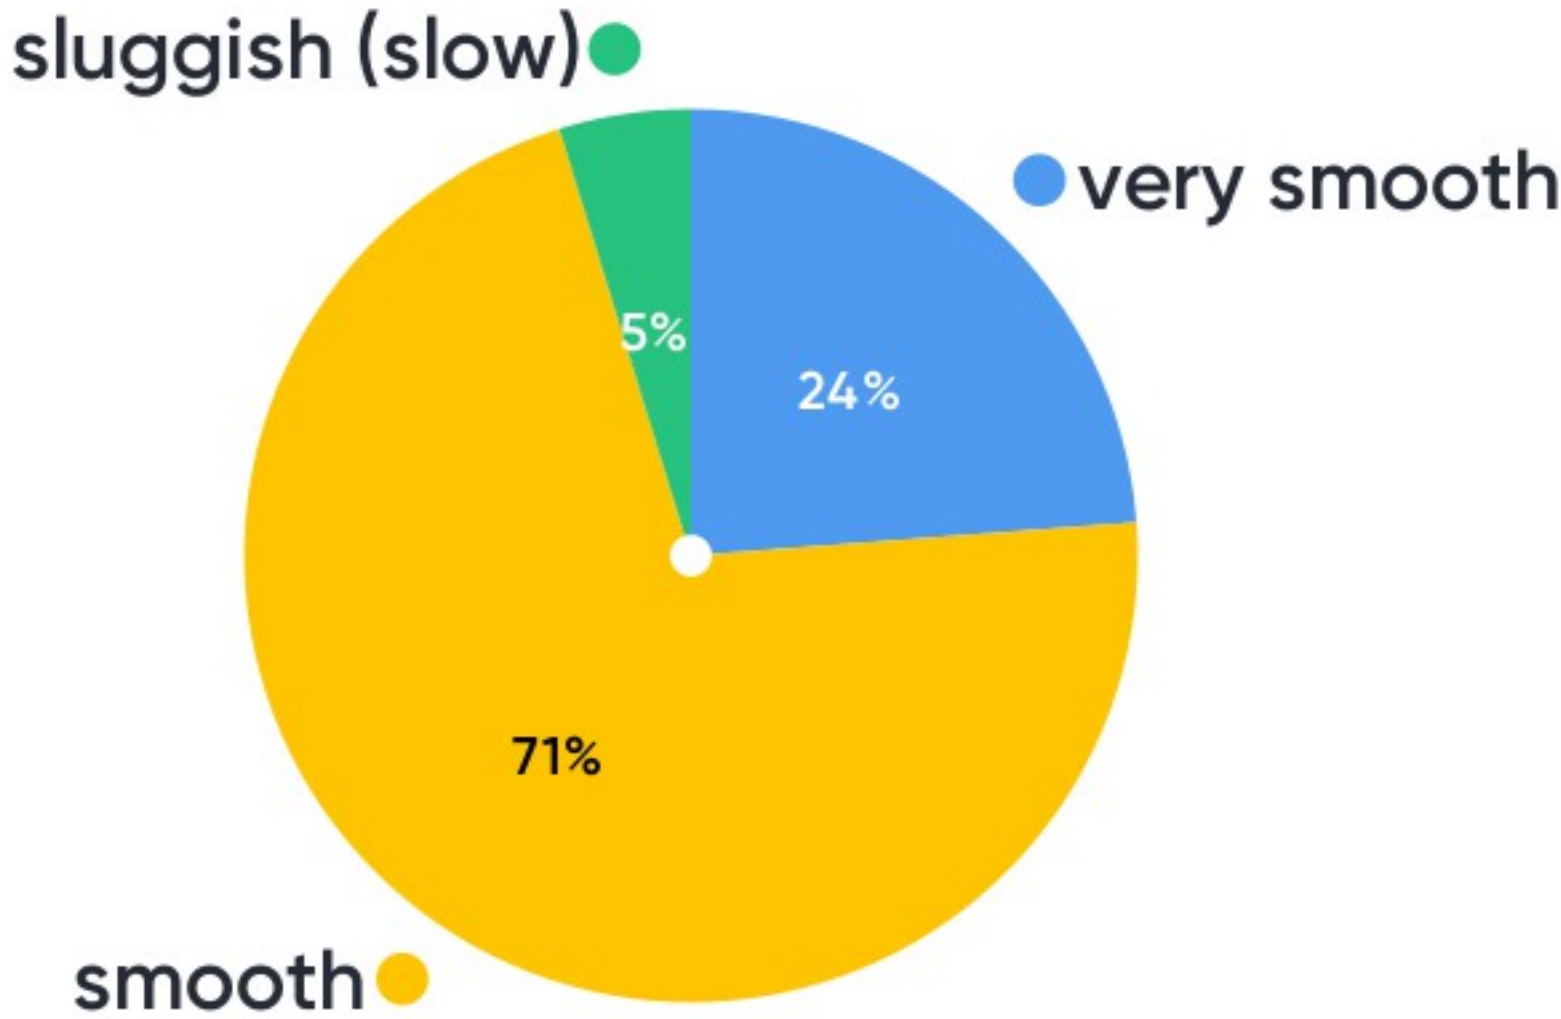

July 24, 2019

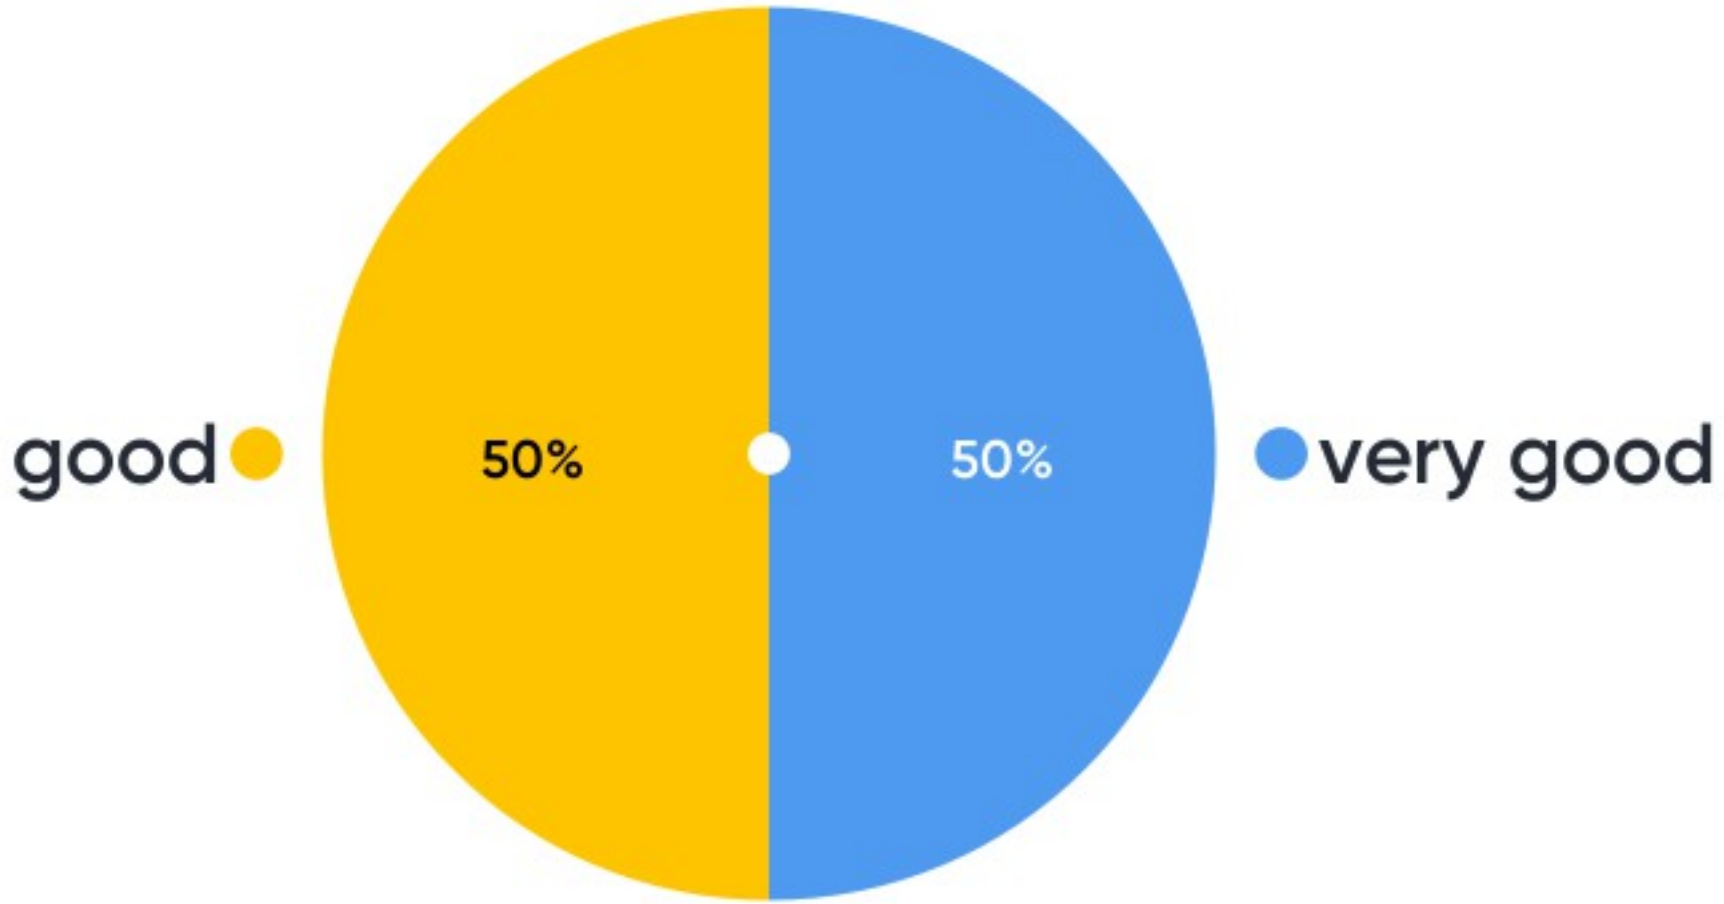

1. How was the image sharpness?

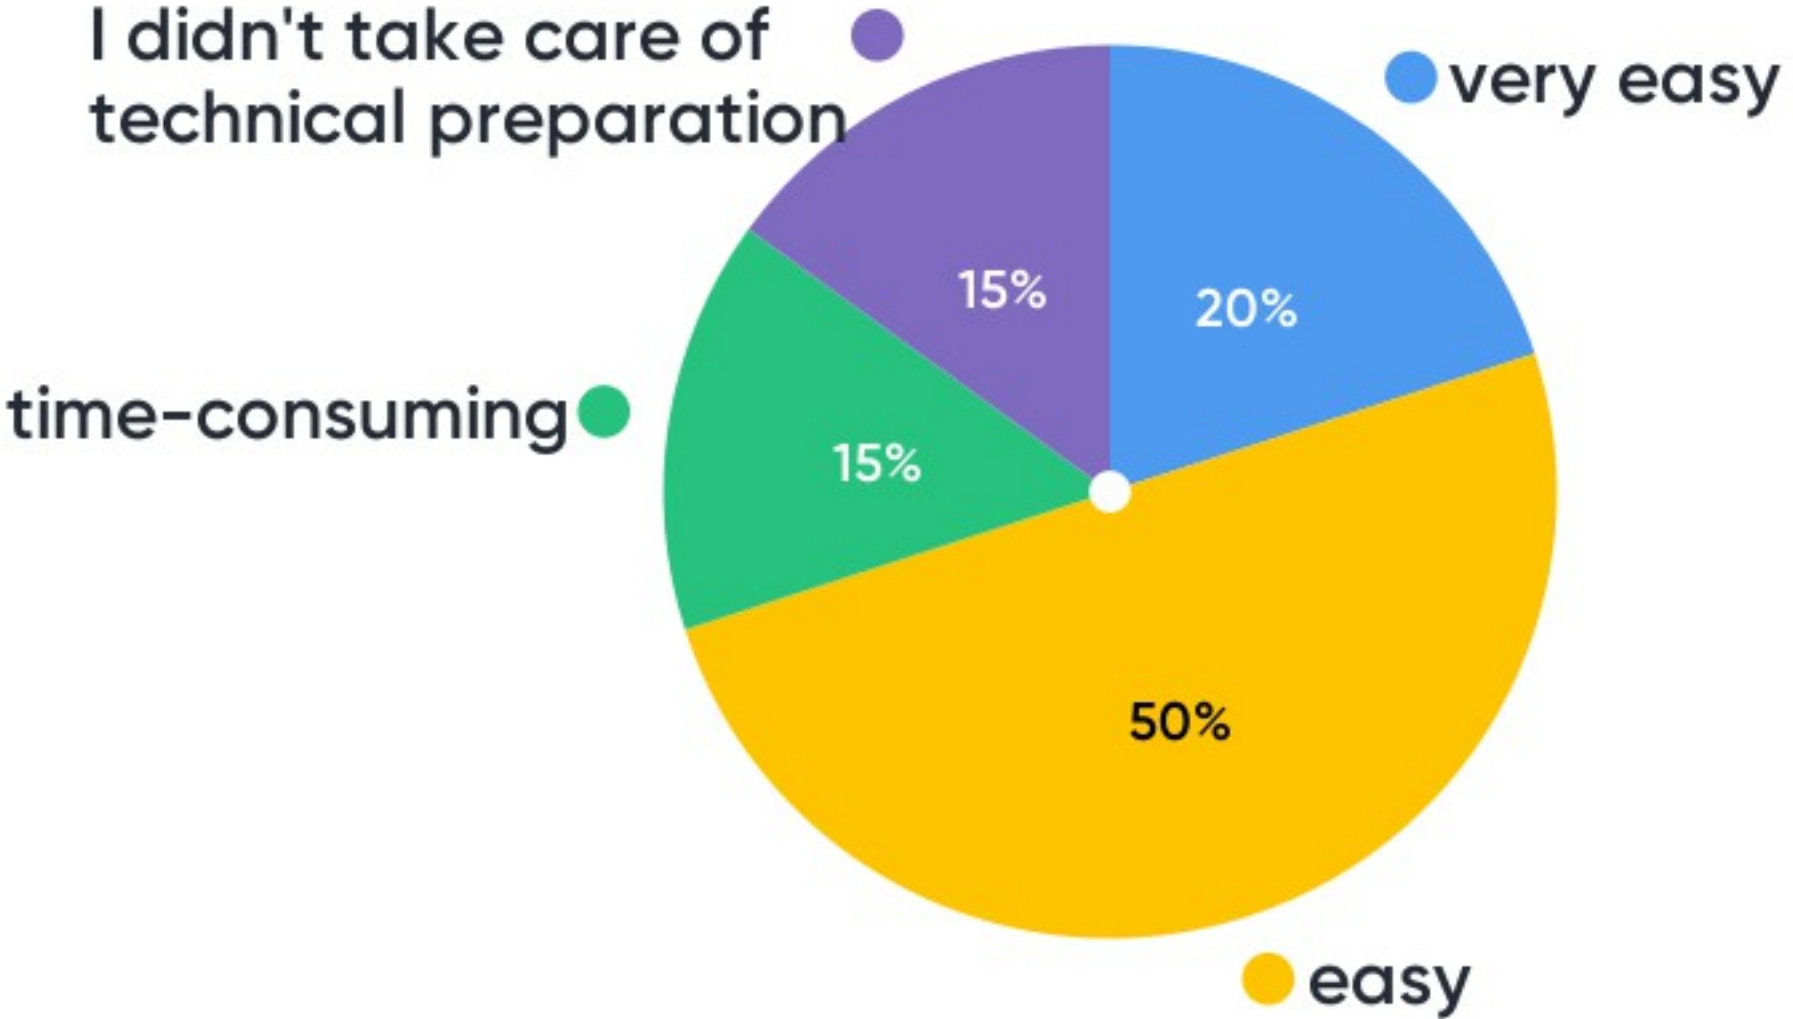

2. How was the image movement?

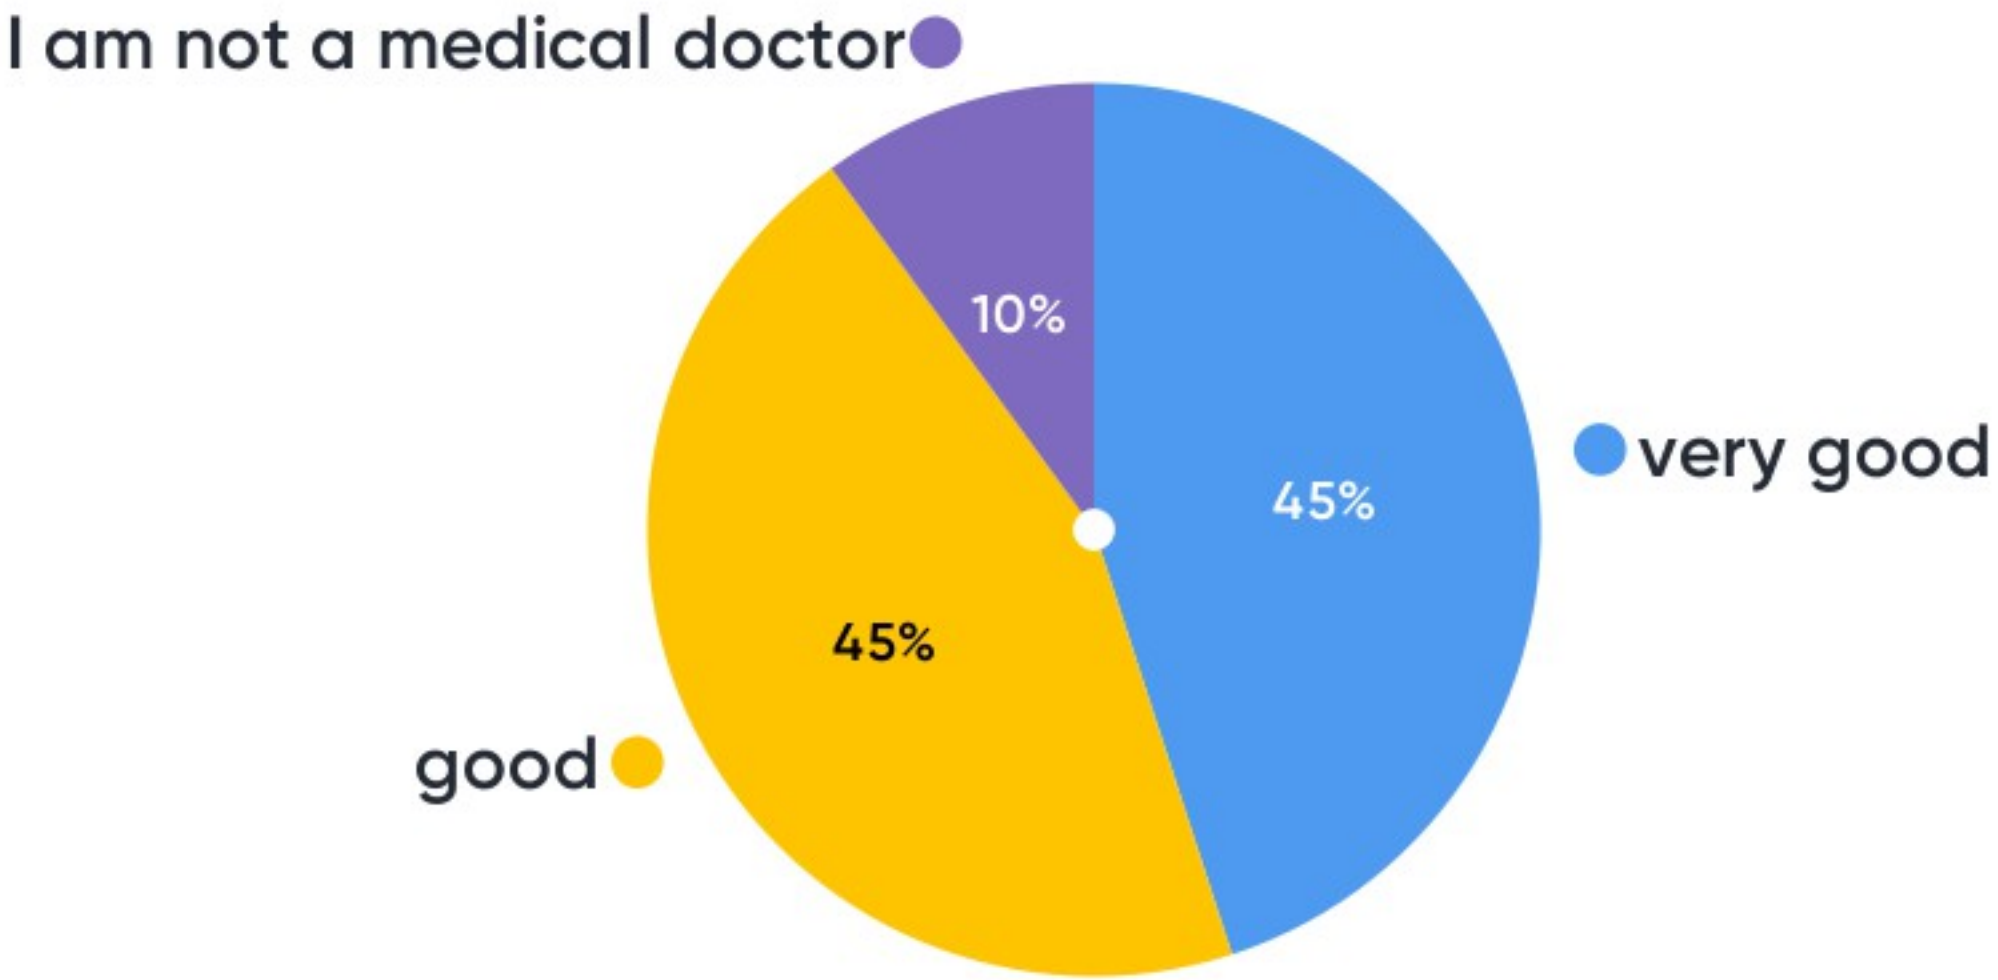

3 . How was the quality of sound?

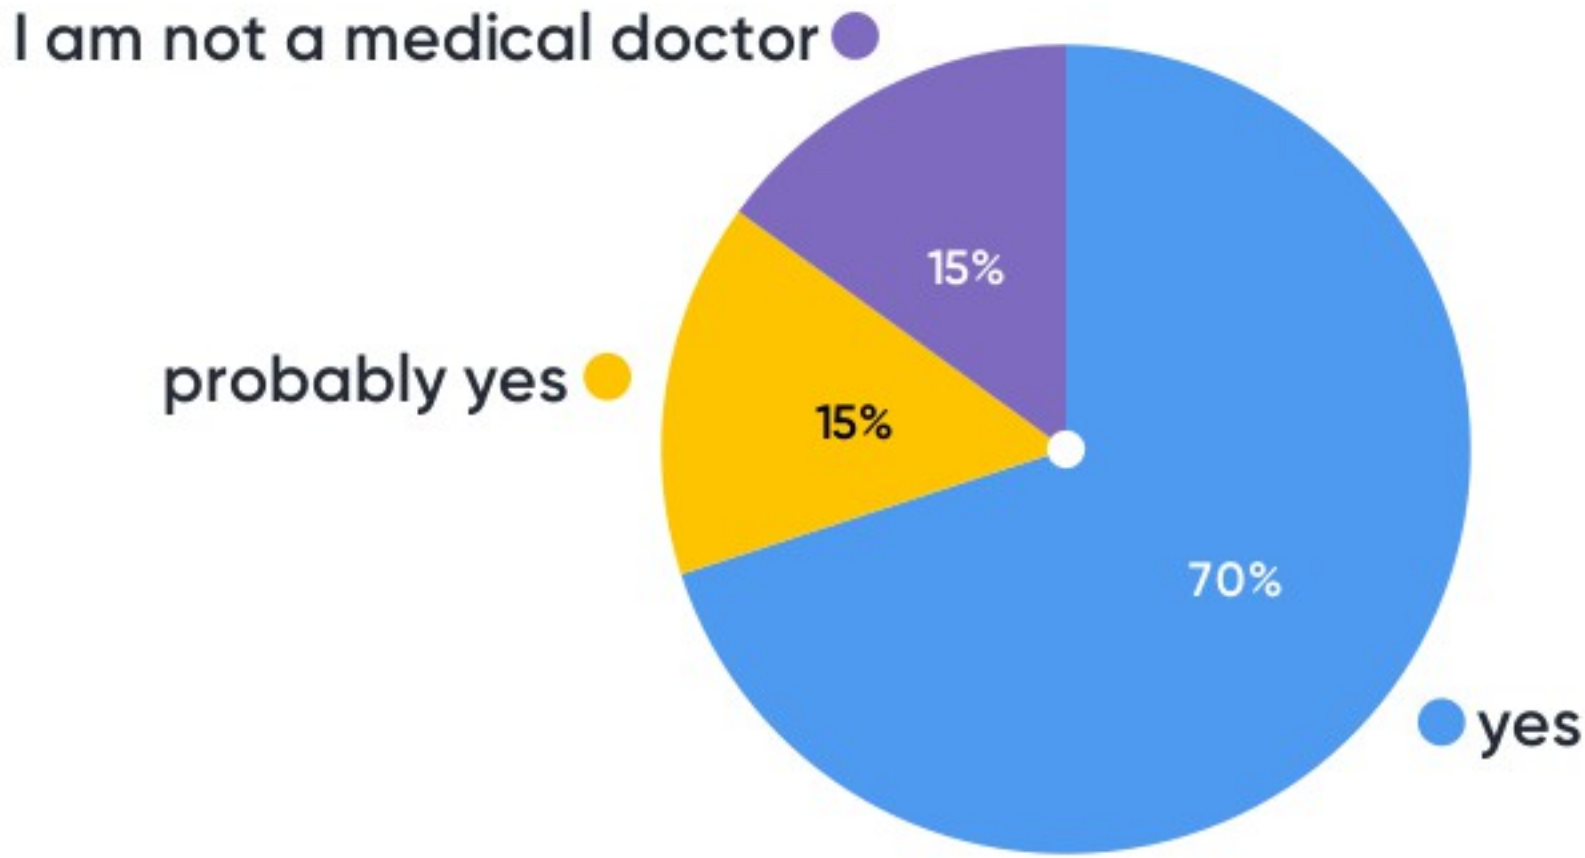

4 . How was the preparations?

5 . How was the program?

6. Will you attend another teleconference session next time?

7. If you found any problems in teleconference, please write any comments you may have.

Some hardware problem which was rectified

Use branded mixer

Presentation slides during teleconference having problem on transmission. I found out that video converters is main problem after long day use in venue

Video switcher or video cable at computer presentation in venue problem

PPT switching took time and PPT was flickered

Cannot click the slide forward by the speaker

There seemed to be some problem with playing the power point slides. The slide play from many centres were interrupted.

8. Do you have any suggestion to make the program better?

Nice program

Nothing. It's good

More sound

Change Multi format video switcher

.

No

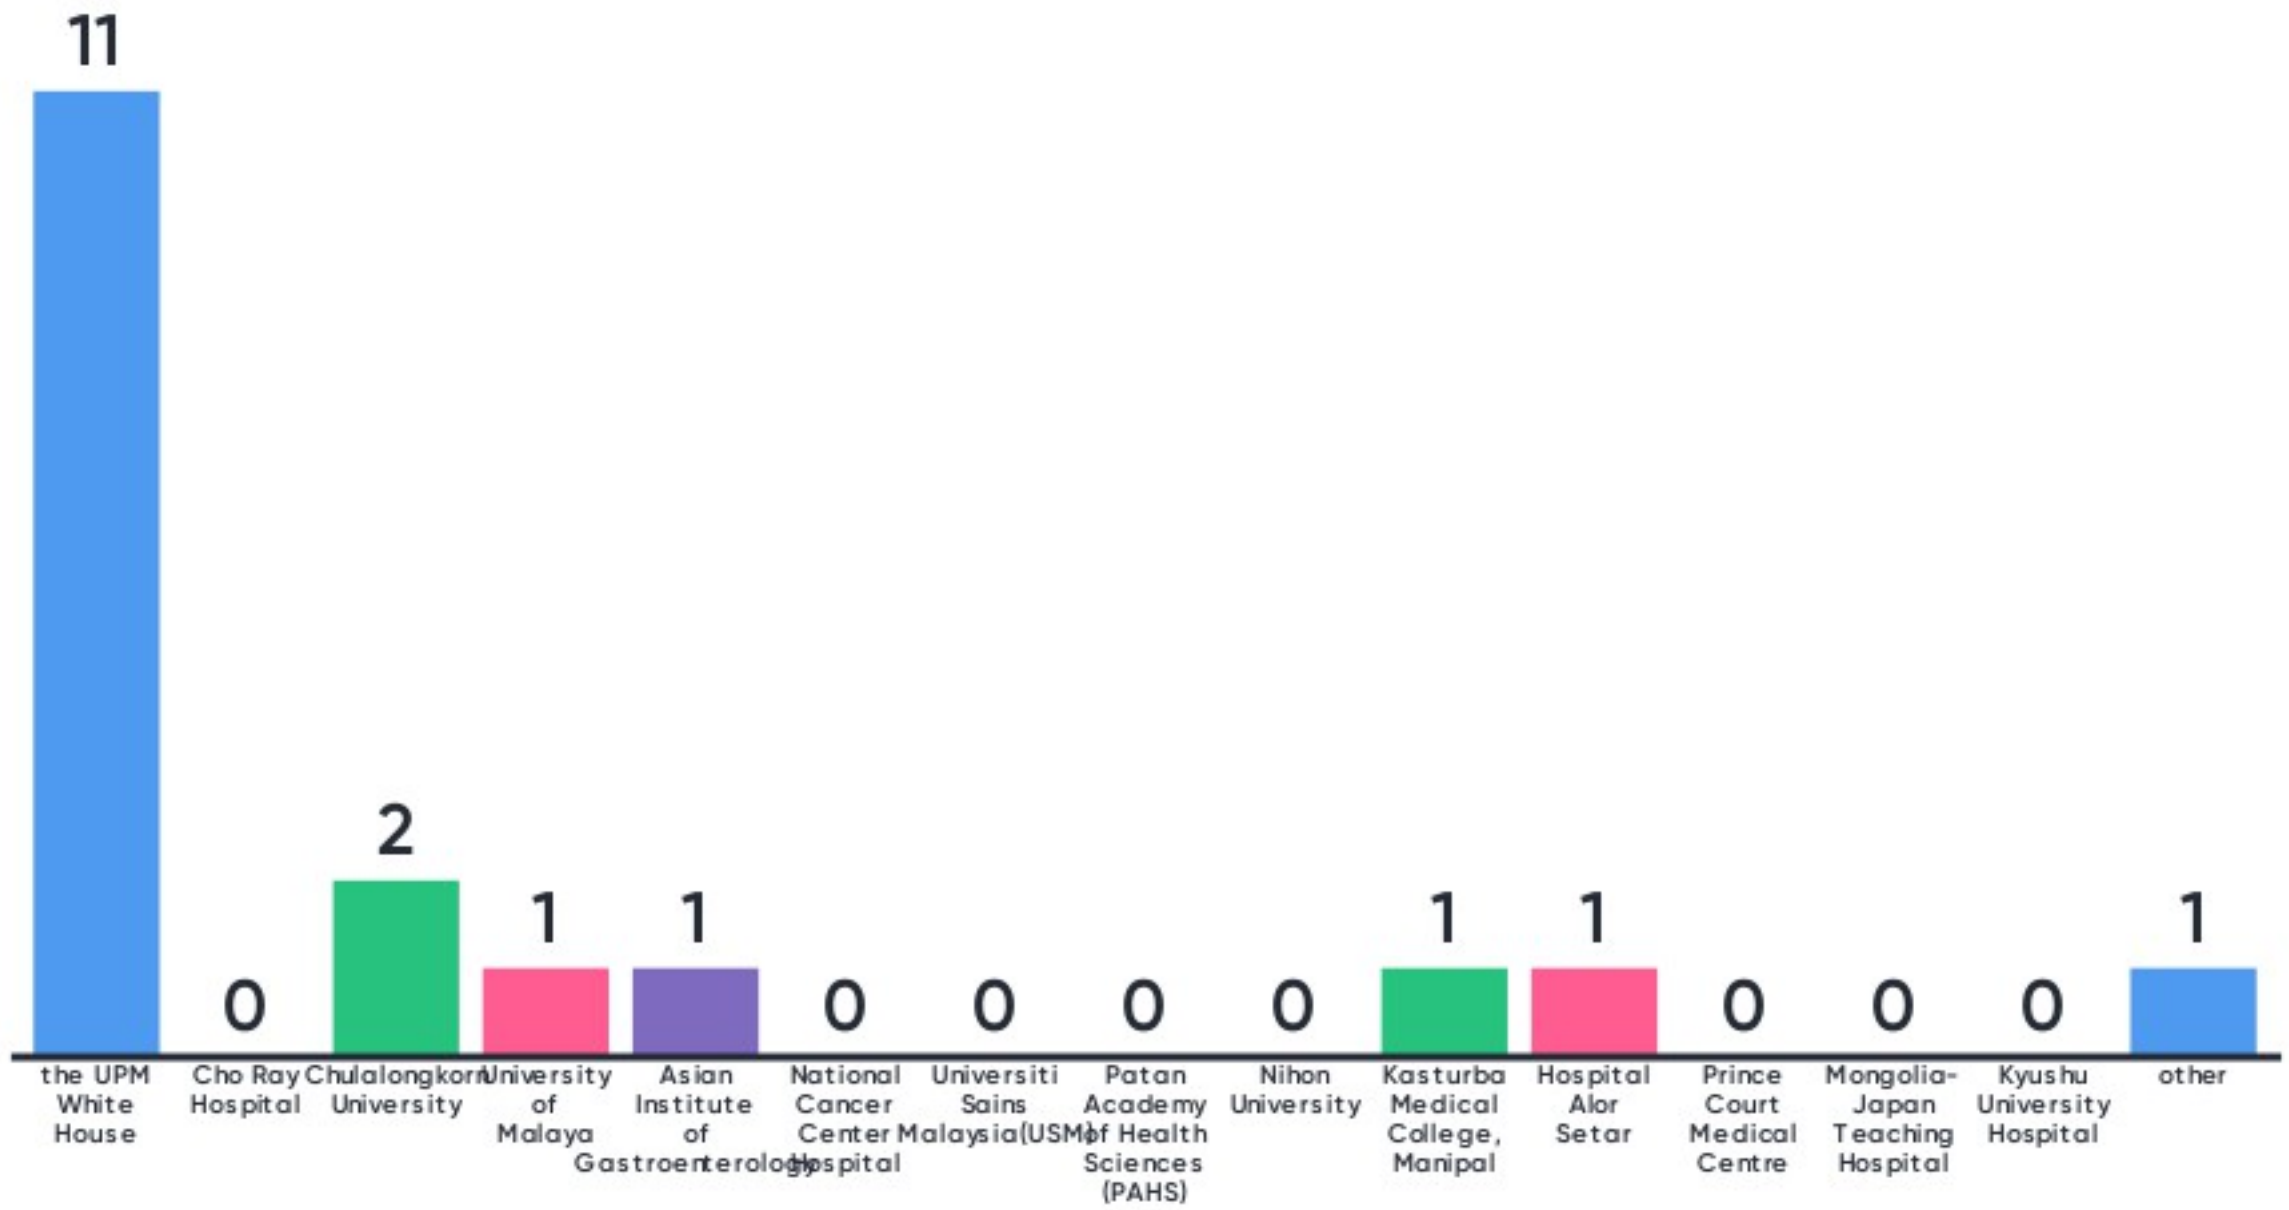

Wanna know next meeting program at attending time

More research update presentation

Slide projection should be in presenter control

9. Which is your station?

10 . Which is your occupation?
