Nice to hear what other Chief engineers experienced. After each presentation, a fruitful discussion, to deepen the understanding of what everyone experienced and thought about each session.

venue sound

Good

Not at all

Sound levels need to be improved

Good Session

I really appreciate the chance TEMDEC give to me join this training..Thank you very much

In the beginning, preparation for video equipment was time-consuming. Chief engineer and both Team trainer help us (all participants) to make the APAN engineering workshop successful. Congratulations to all TET Team.
