How was the program?*

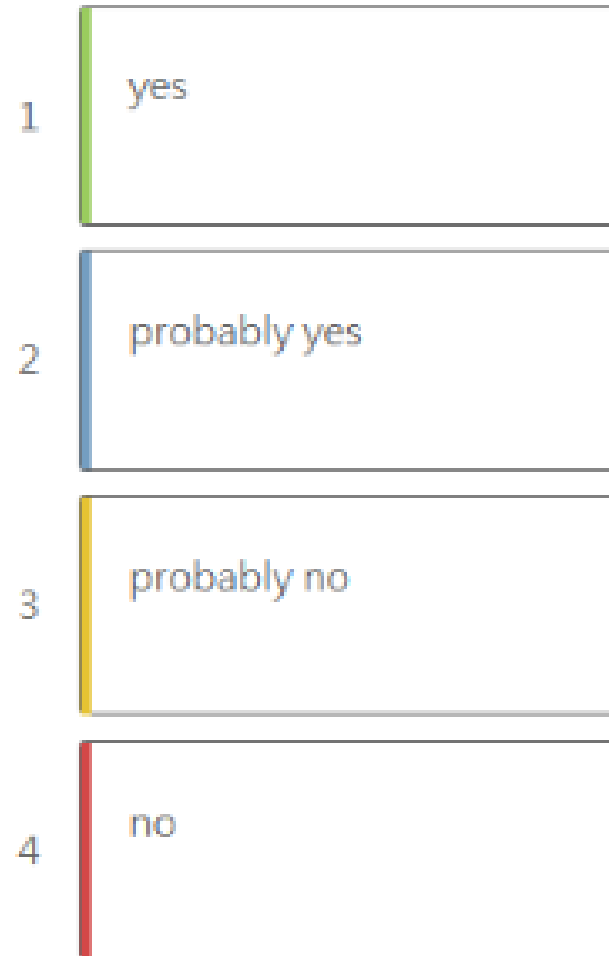

Do you think videoconference technology will be useful for your organization?*

What topic that you would like to see in the next technology session?*

Will you attend another teleconference session next time?*

If you found any problems in teleconference, please write any comments you may have.

Please specify

1.Voice echo, microphone setup.

2.if using h.323 cannot receive content sharing

3.Troubles during prior test sessions(audio)but all issues were solved before the start of the session. But time management of the presenters was a small problem

4.Better include English translation in every location !

Eg: In this feed back form there are some windows without English translation

Future Plan:

Harold De Dios suggestion:

Let's wide the technology session to México and Latin America as a strategy of collaboration
