

# APAN47 – Rural Healthcare session

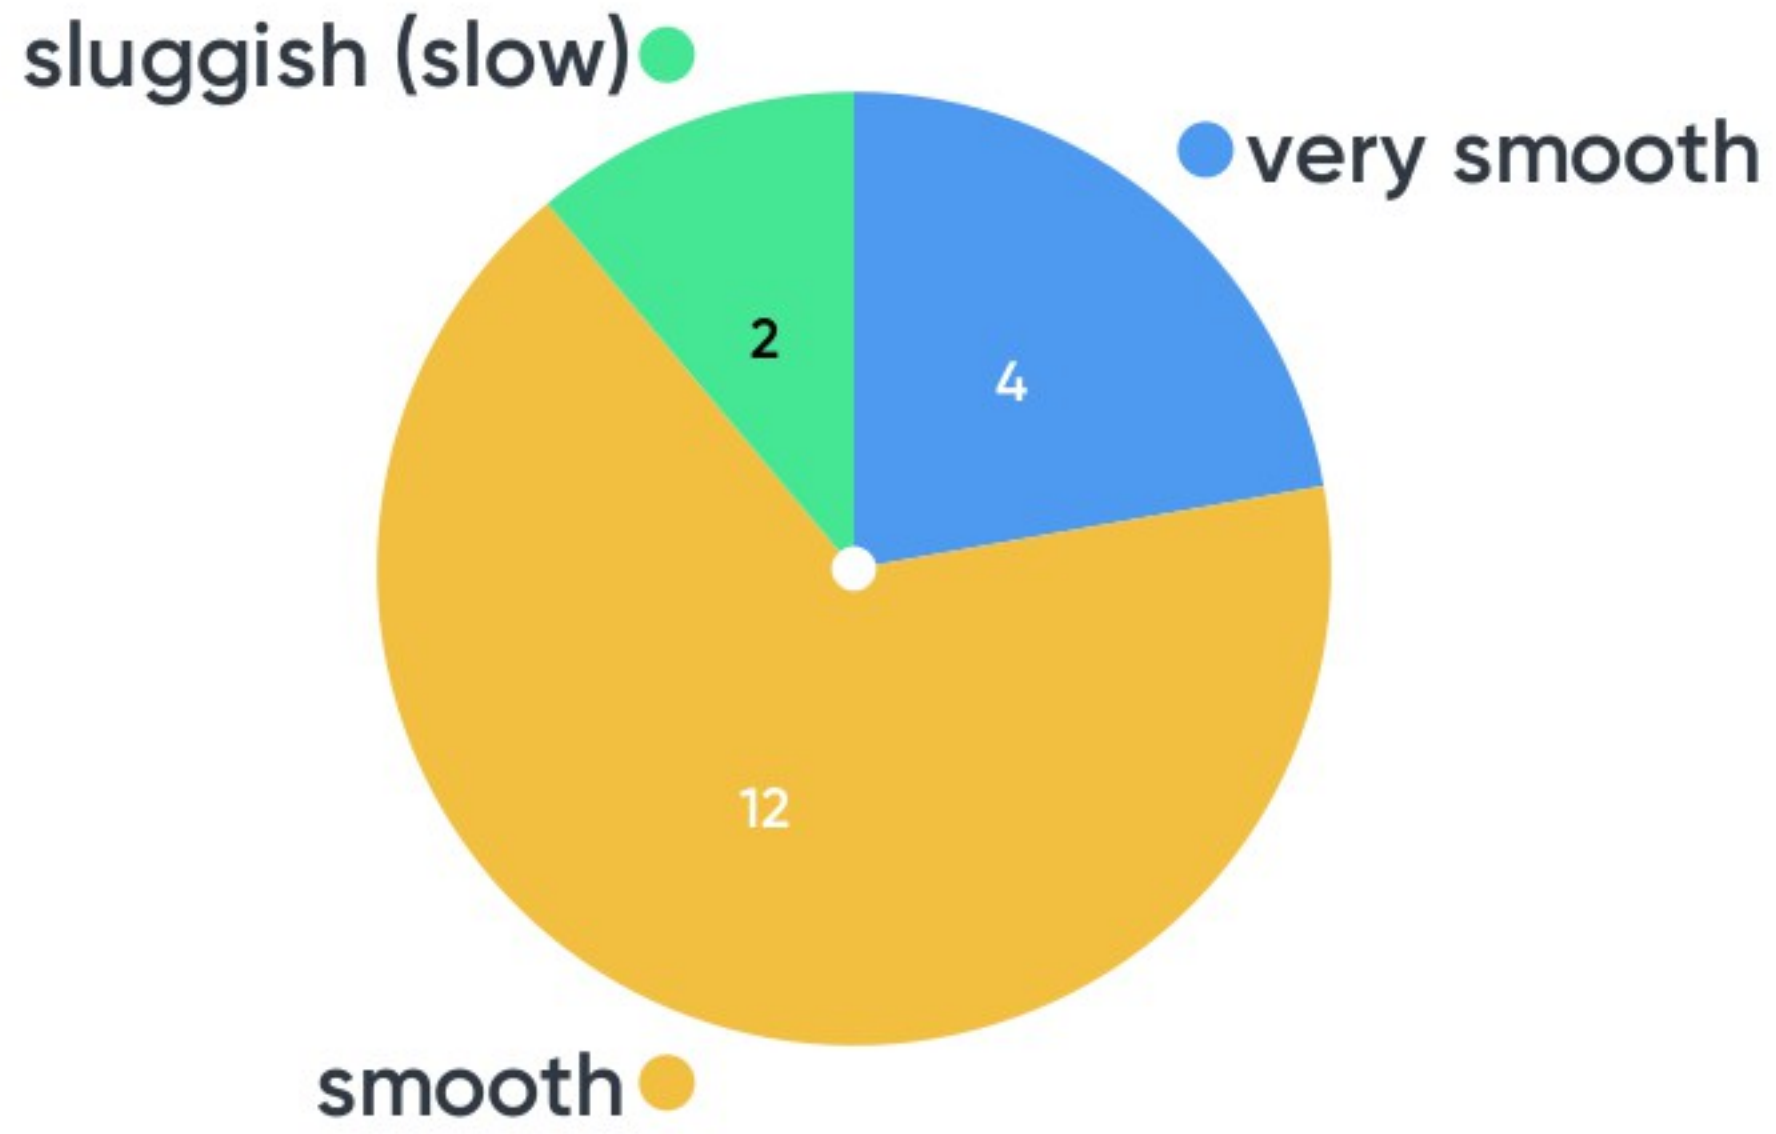

February 22, 2019

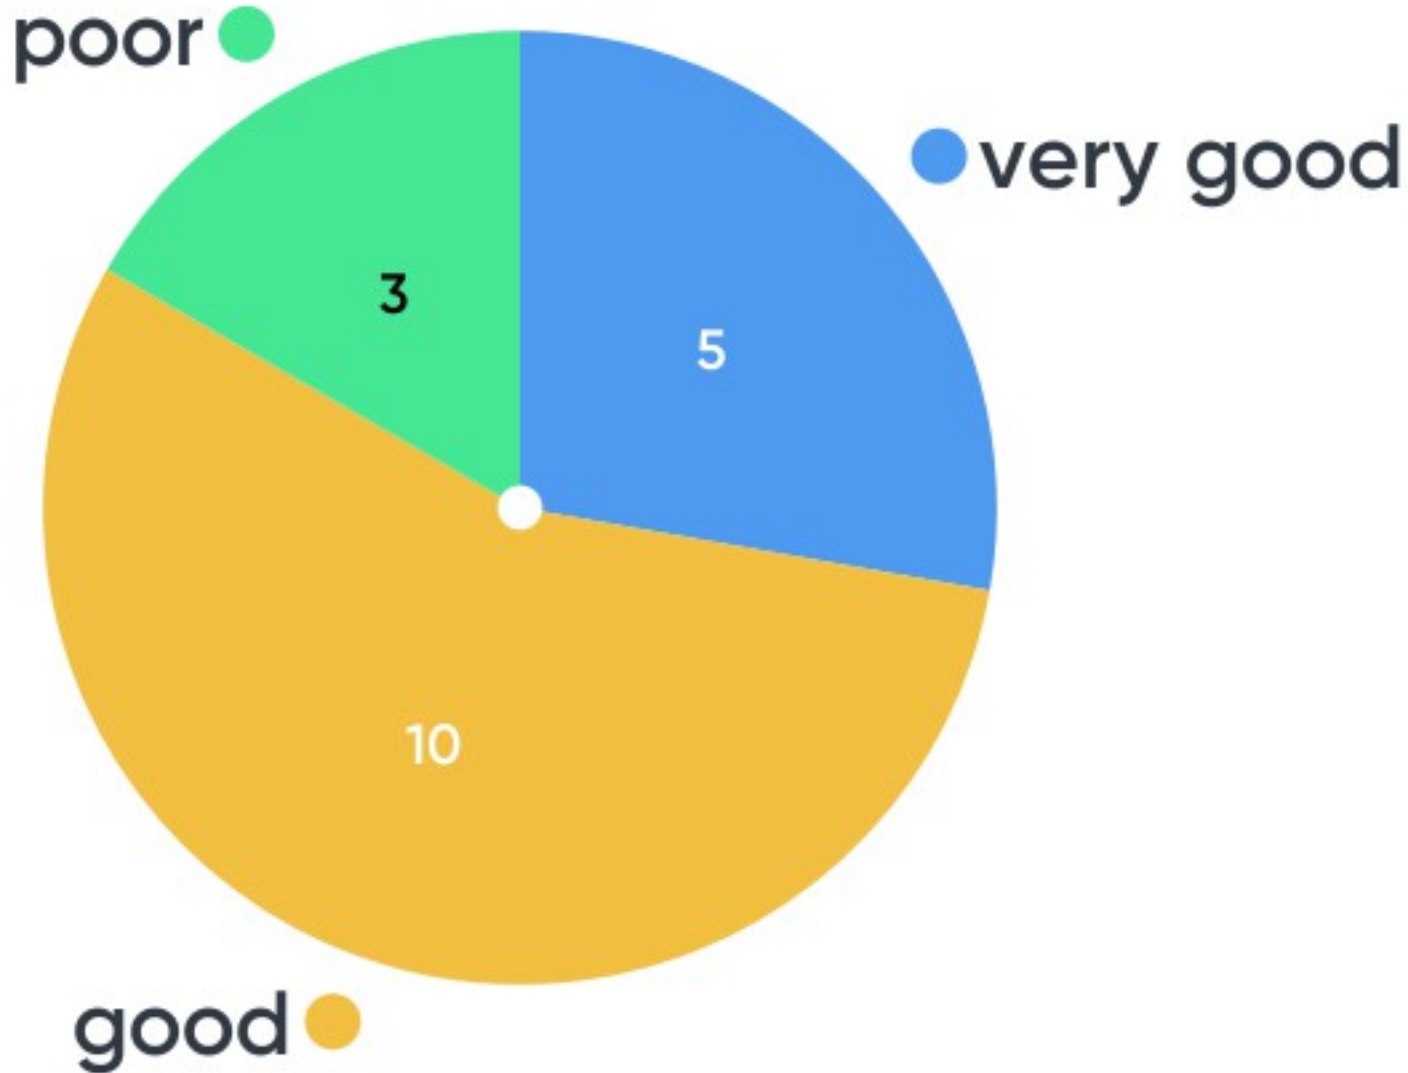

# 1. How was the image sharpness?

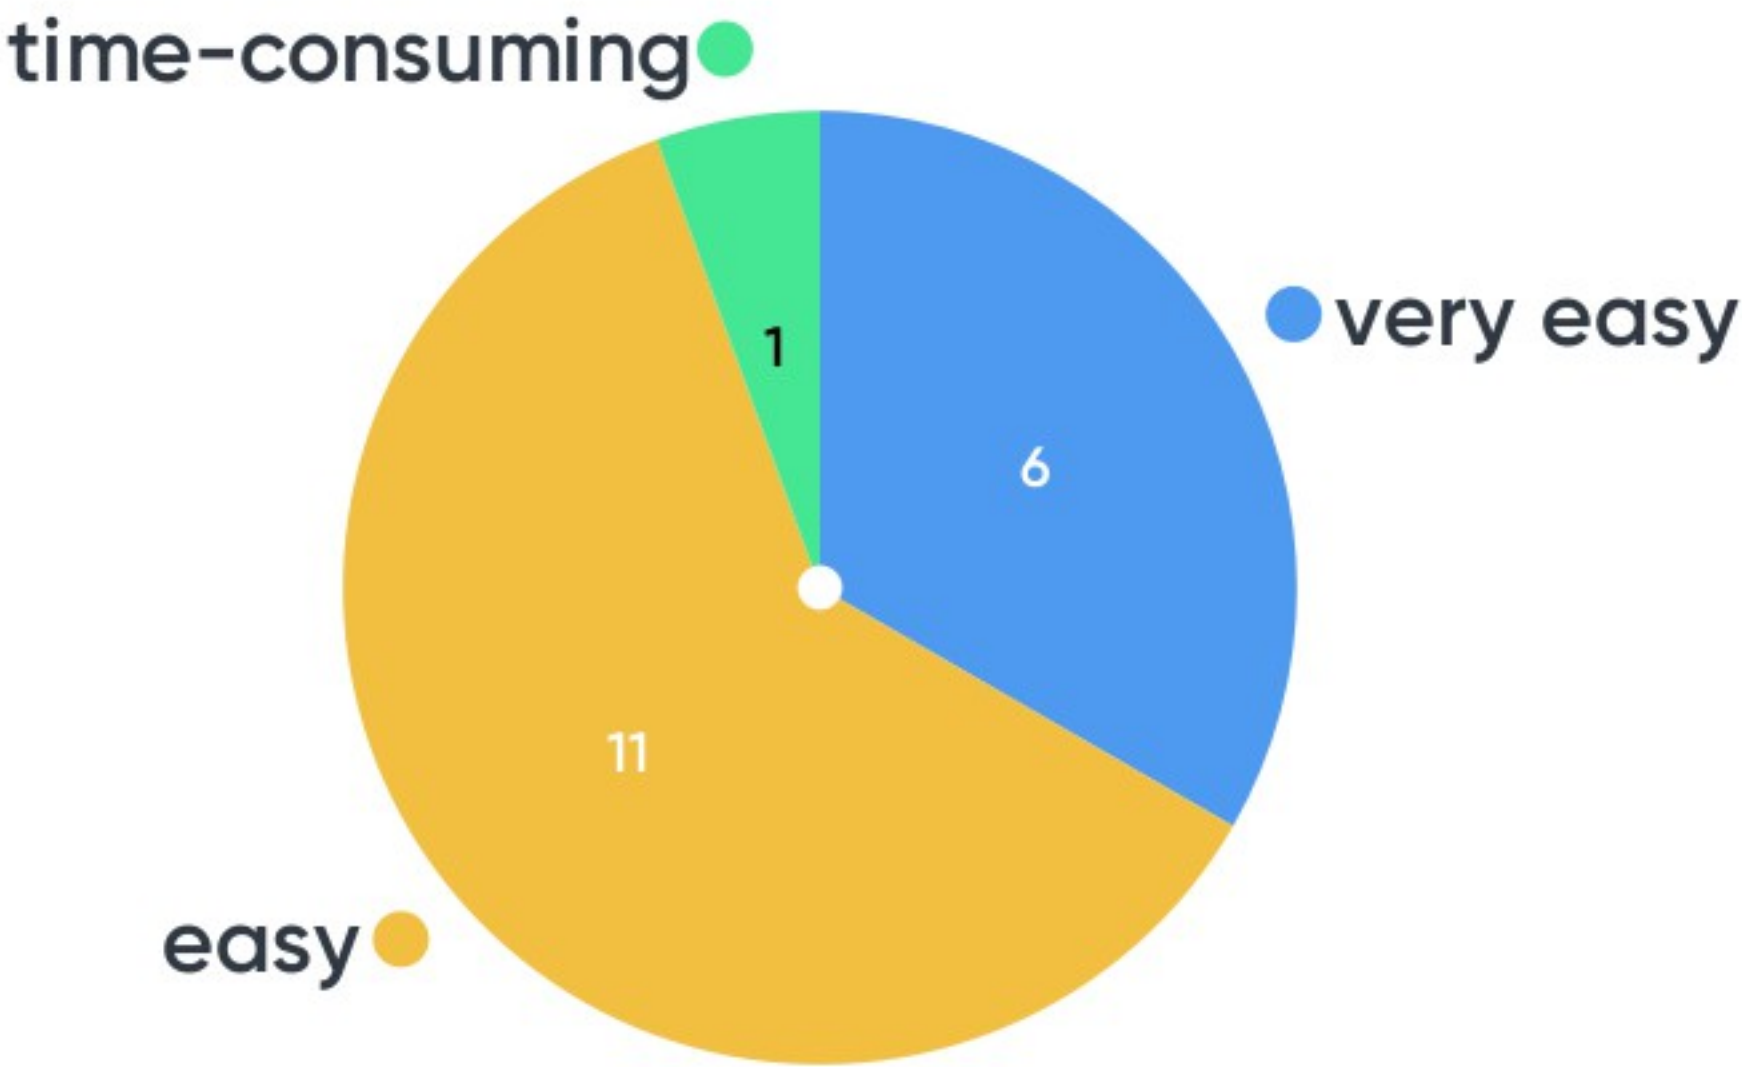

# 2. How was the image movement?

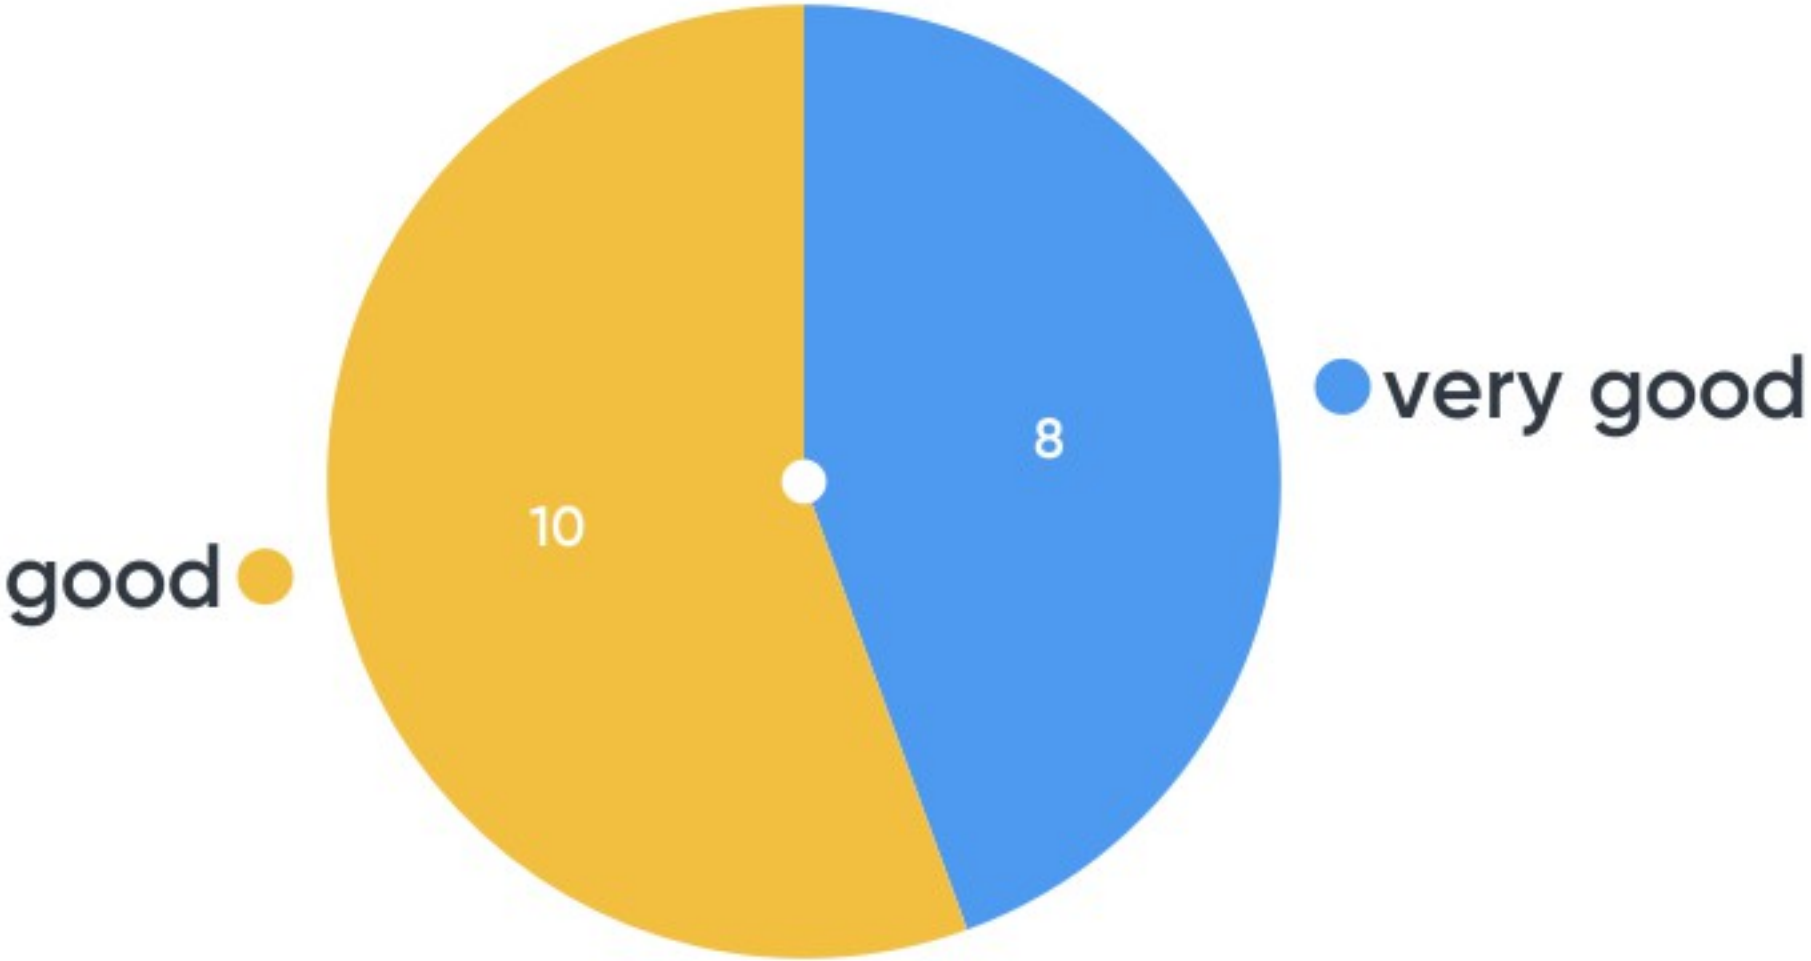

# 3. How was the quality of sound?

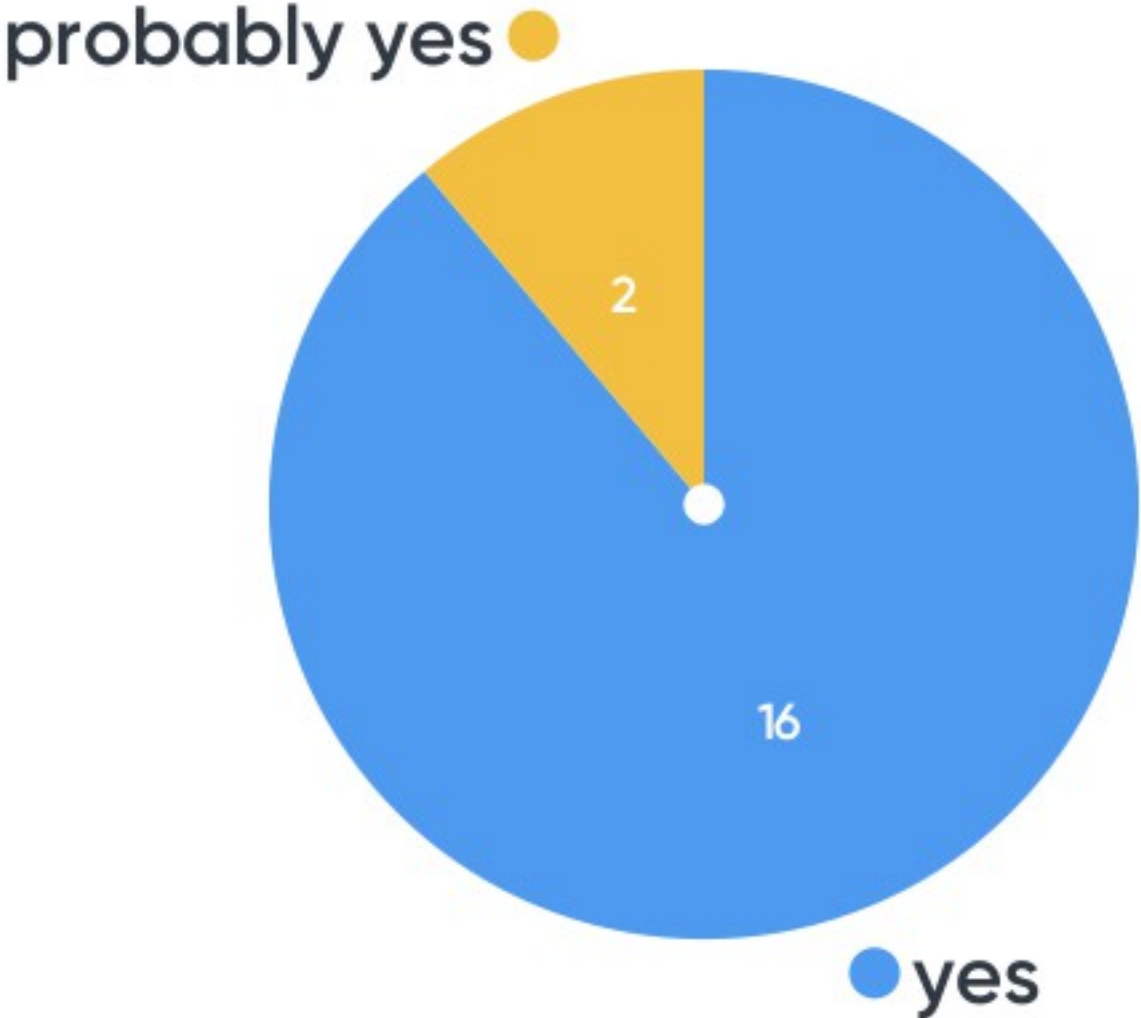

# 4. How was the preparations?

# 5. How was the program?

# 6. Will you attend another teleconference session next time?

# 7. If you found any problems in teleconference, please write any comments you may have.

Some laptop computers giving noise to the network So we have to check all the laptops we are connecting to the network for audio quality !

Perfect

there was audio problem from other sites and also network issues, some sites were disconnected during the session.

No problems but I look forward to being able to present in future APAN healthcare sessions.

Remote sites have poor connection. But the program was acceptable

Teleconference was great, just our connection was lost few times in between.

Excellent

Audio and video quality was not good from few of the participants and that may be because of poor network connection

Everything ok

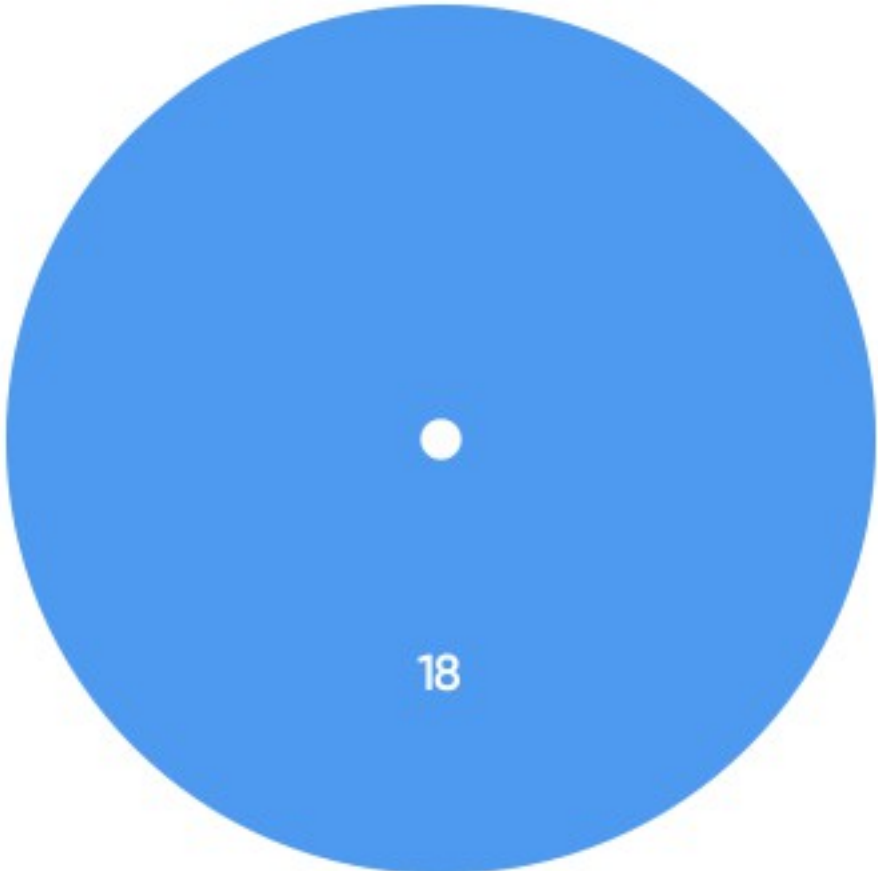

7. If you found any problems in teleconference, please write any comments you may have.

We had some technical issues such as in sound quality and connection

No problems

No anything

# 8. Shall we continue to have a session on Rural Healthcare in following APAN meetings?

yes ●

# 9. What type of presentations (topics) will be helpful to improve Rural Healthcare session?

I think better we present Telemedicine basic and required quality parameters too

How to successfully implement a telemedicine program in resource-limited settings (i.e., little to no internet)

The programme which is going to help poorer stay in remote villages

Osteomy care

Problema and difficulties of rural health care, & Different apporoaches to improve rual health care.

treatment at low resource settings

Tele Health care

Outreach

Presentations introducing innovative technologies in healthcare

# 9. What type of presentations (topics) will be helpful to improve Rural Healthcare session?

Solution Hackathons for young scientists

# 10. Which is your station?
