February 19, 2019

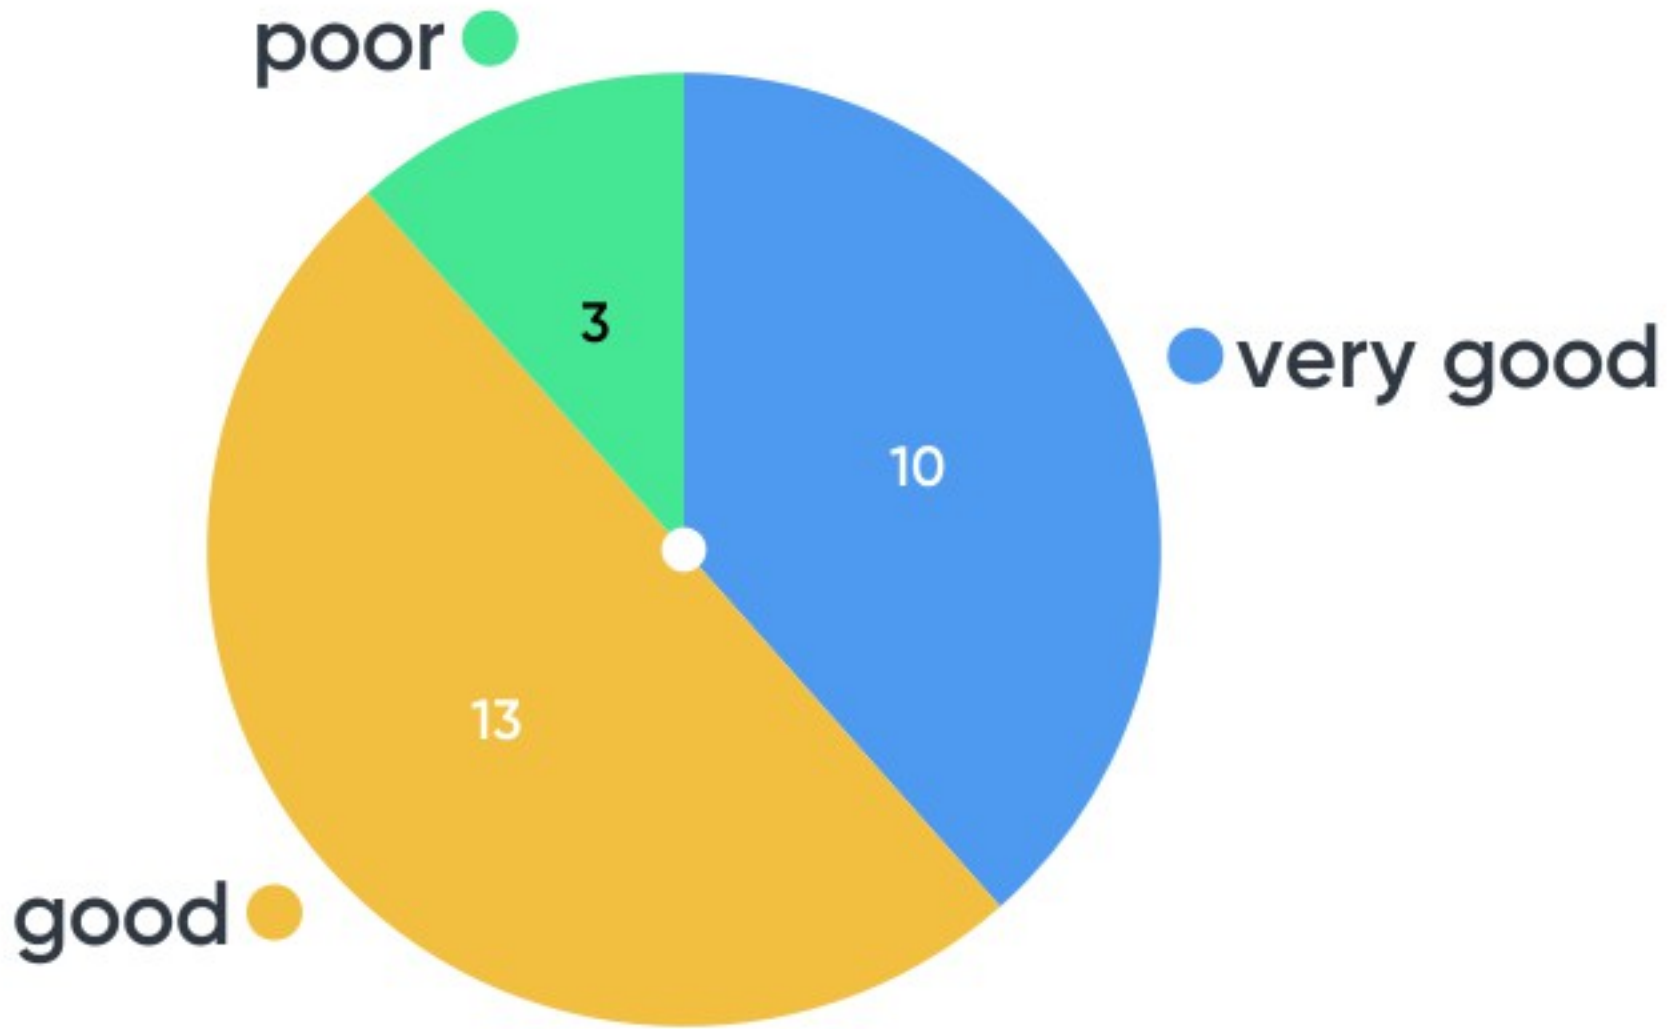

1. How was the image sharpness?

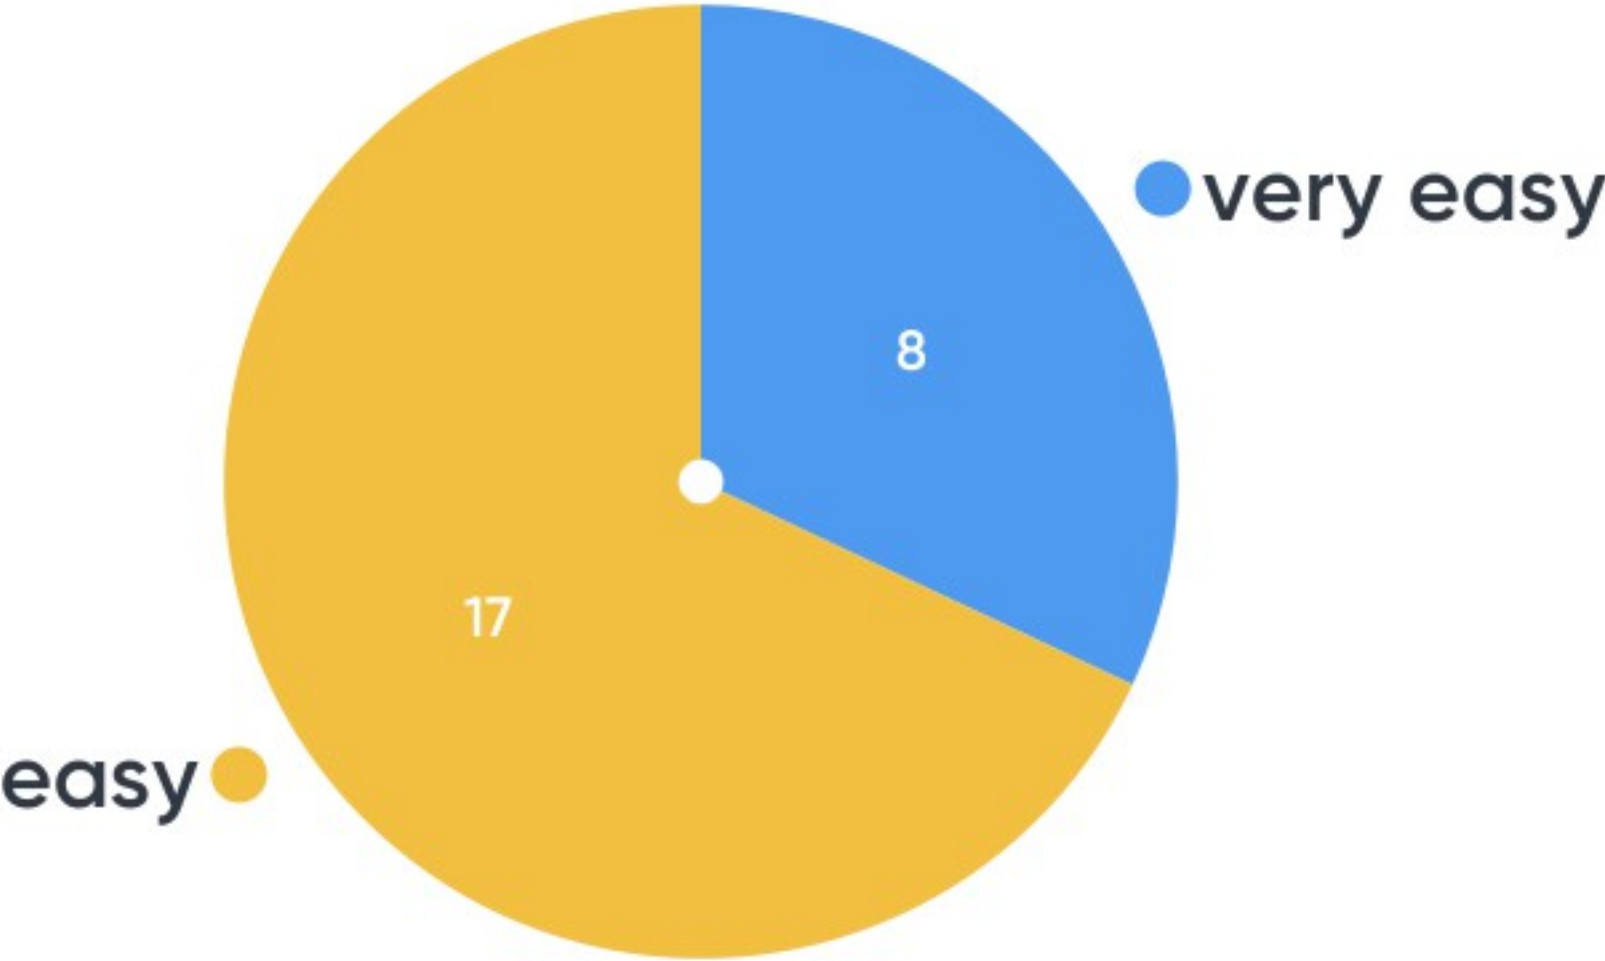

2. How was the image movement?

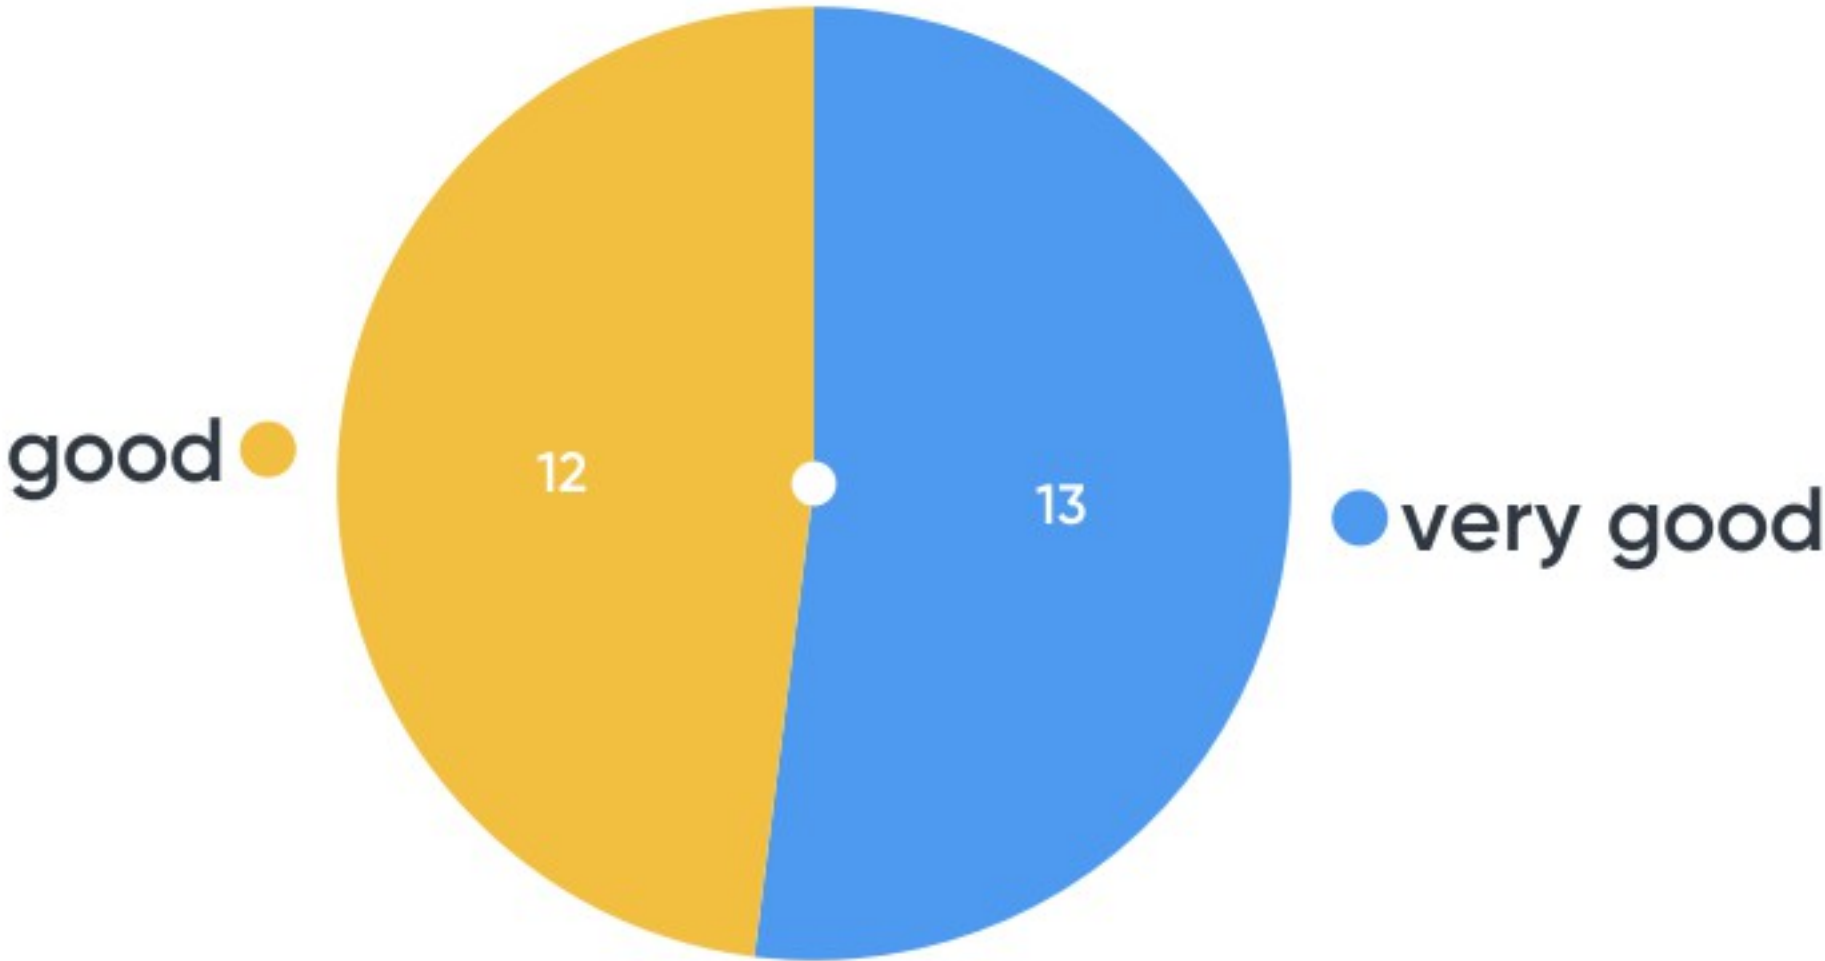

3. How was the quality of sound?

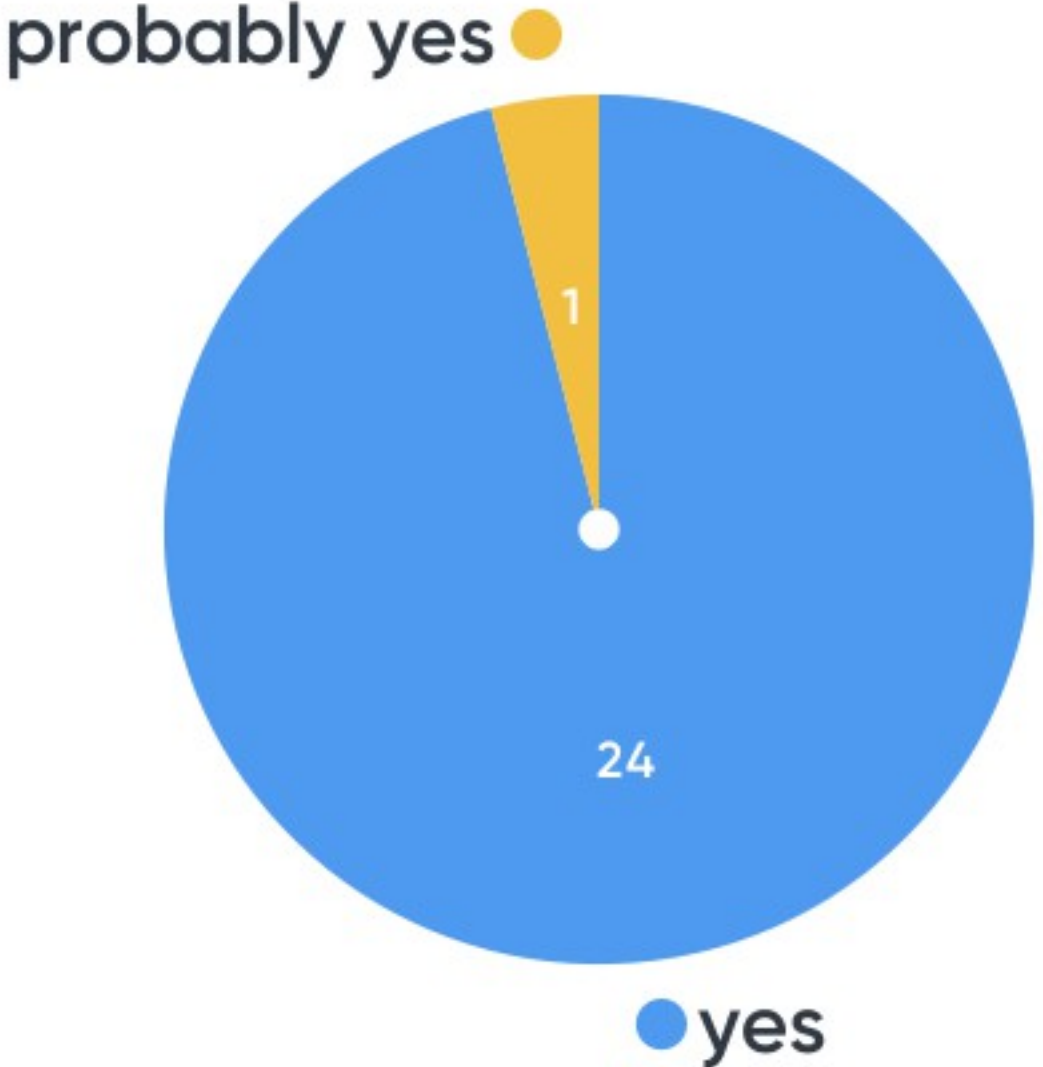

4. How was the preparations?

5. How was the program?

6. Will you attend another teleconference session next time?

7. If you found any problems in teleconference, please write any comments you may have.

No problems

The sound quality from the venue was poor, but from other participants was good.

No problem

In Technology session one of the participant could not show the video

remote sites had trouble sharing presentation material.

Extended screens can be confusing for sharing from remote sites

No problem

Someone from remoute was unable to play the video. This should be tested prior the session.

In Technology session, one of the participants could not show his video which is very important

7. If you found any problems in teleconference, please write any comments you may have.

None so far

its good

The sound volume between the connected sites was not balanced.

8. Which is your station?
