8. What do you think about the new application of medical VR?

9. Will you attend another teleconference session next time?

10. If you found any problems in teleconference, please write any comments you may have.

None

No

Excellent

Excellent session !!!

new experience

No problem at all

It can be applied to radiotherapy treatment planning.

The next time 3D image from remote video conference .

It had the movie "blackout " and I have to Restart the appreciation twice, I do not know if it was because of my mobile device or of the conference system?

10. If you found any problems in teleconference, please write any comments you may have.

It was amazing

Sometimes it is getting audio feedback !

even better if there were more connecting sites. and more feedback from remote doctors

Very educative and important session

None

11. Which is your station?
