

APAN46 - Endoscopy session (The 19th Endoscopy Club E-conference)

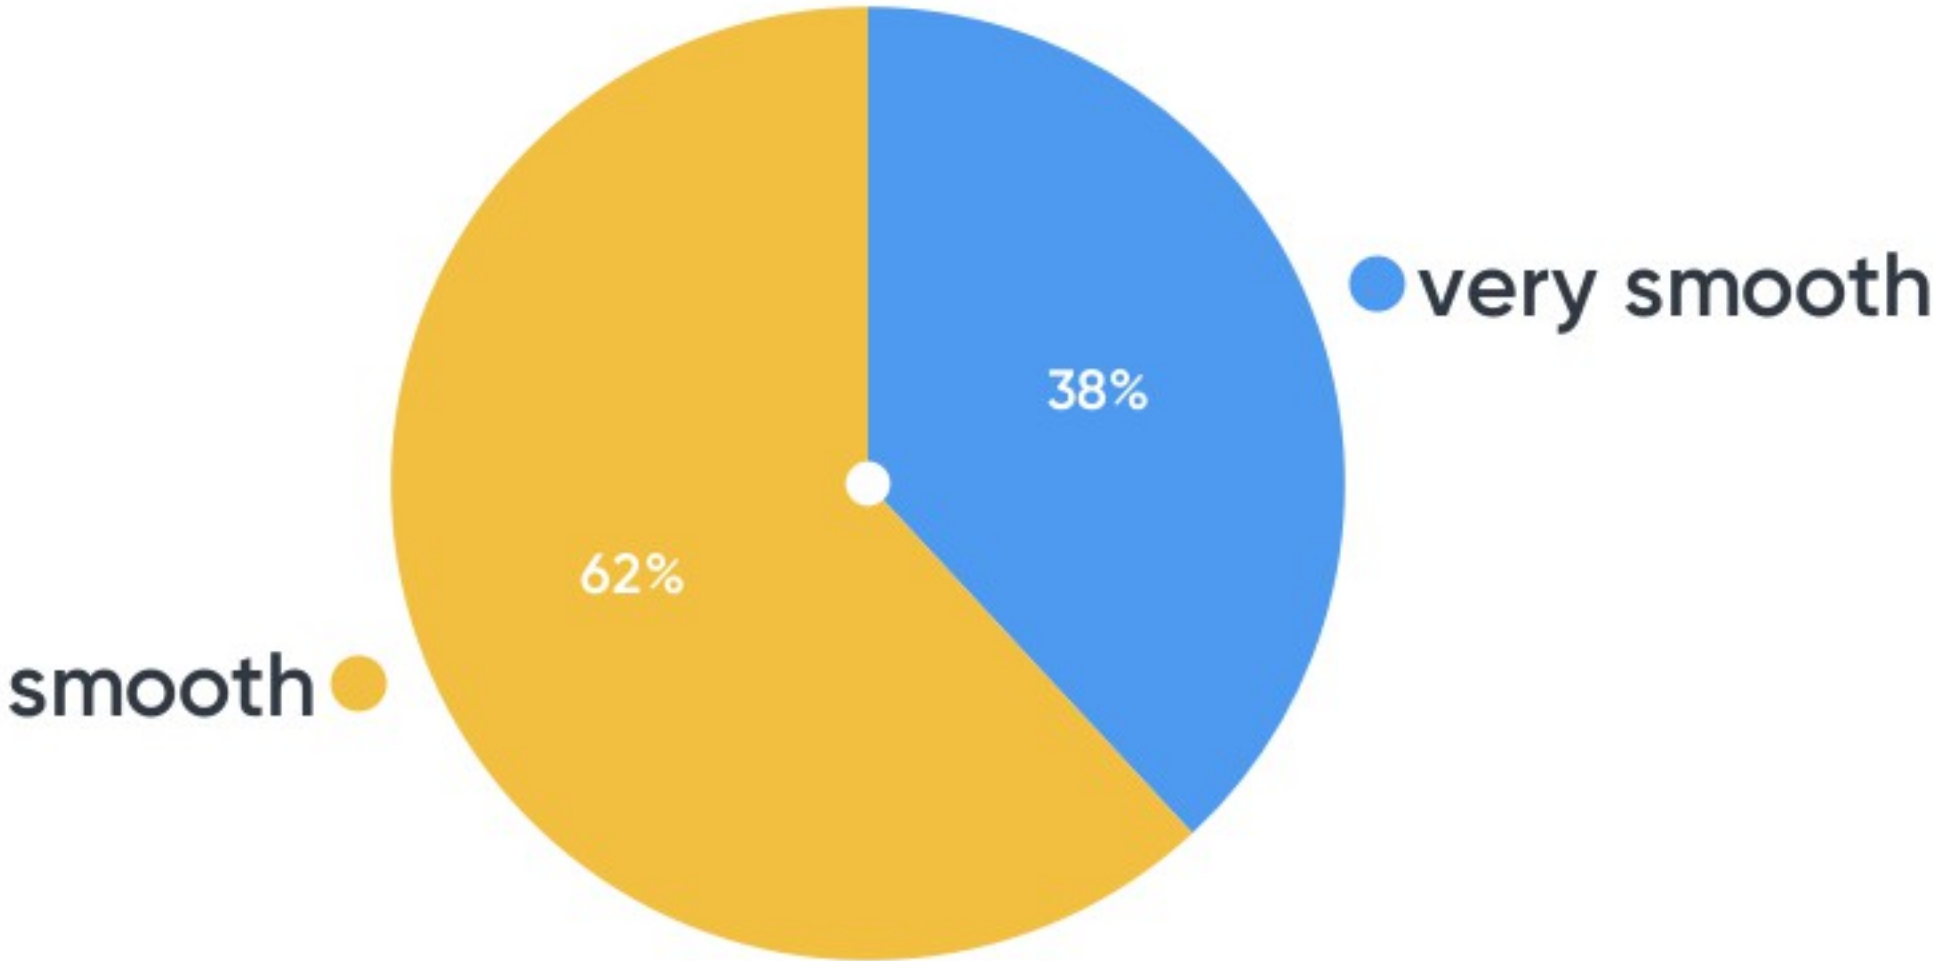

August 8, 2018

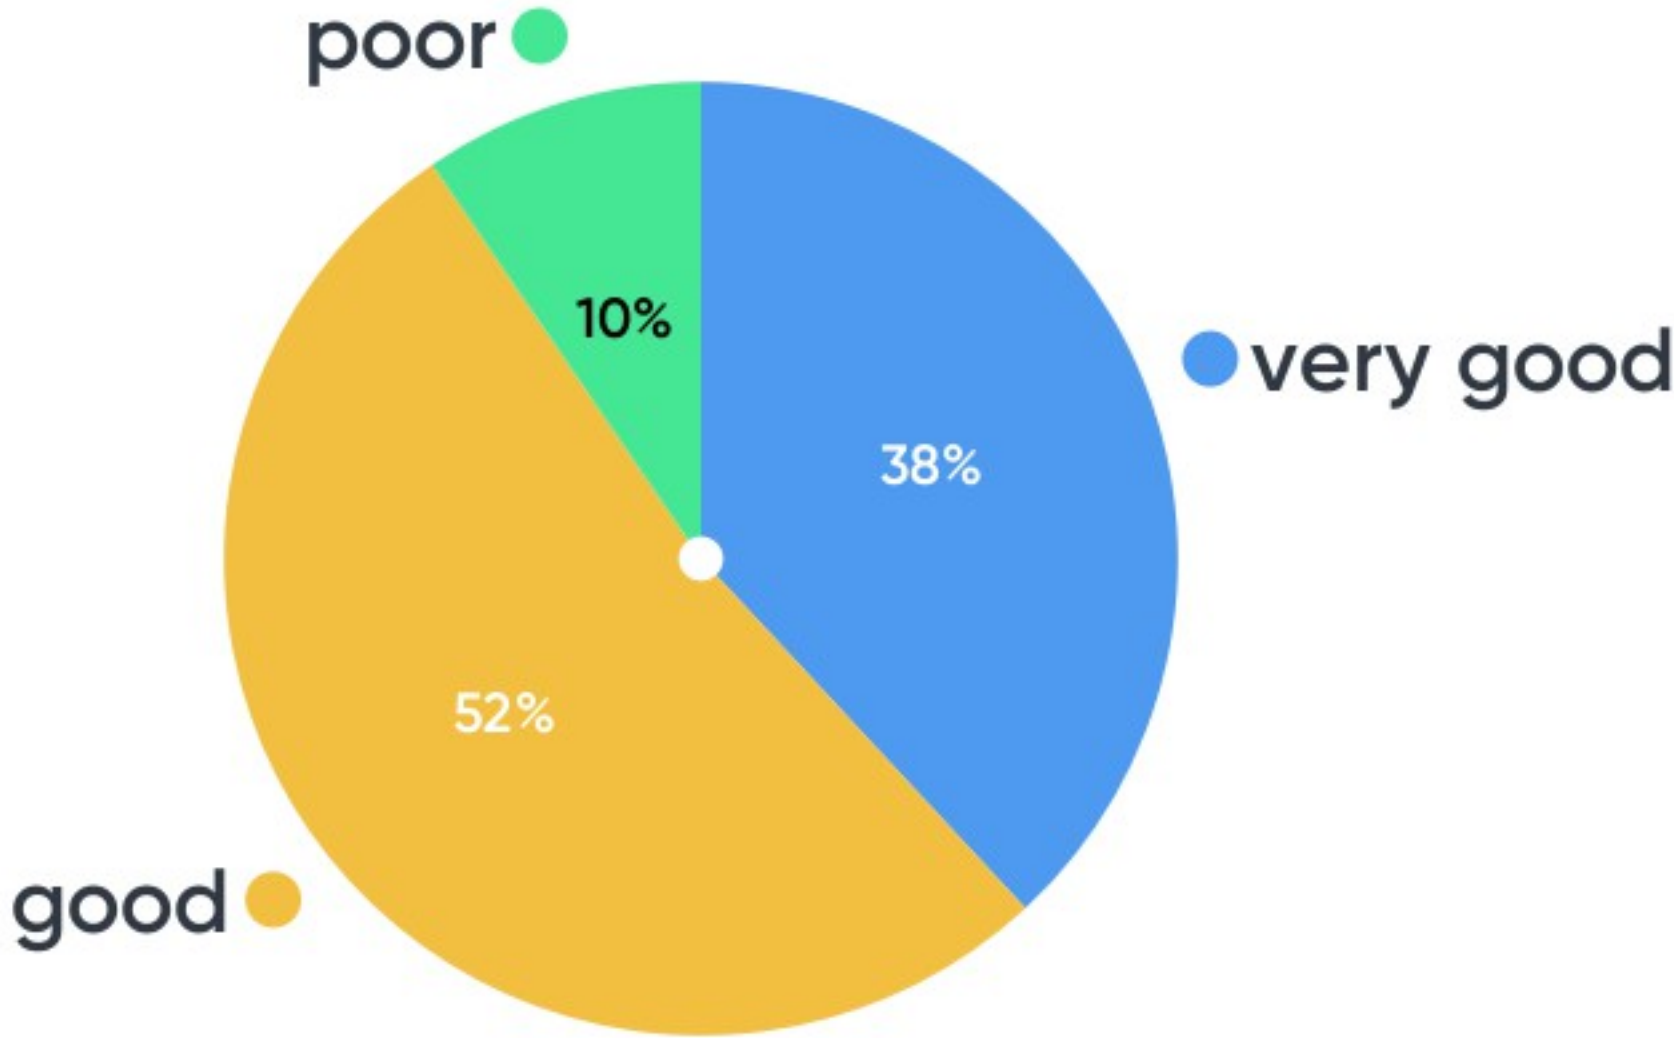

1. How was the image sharpness?

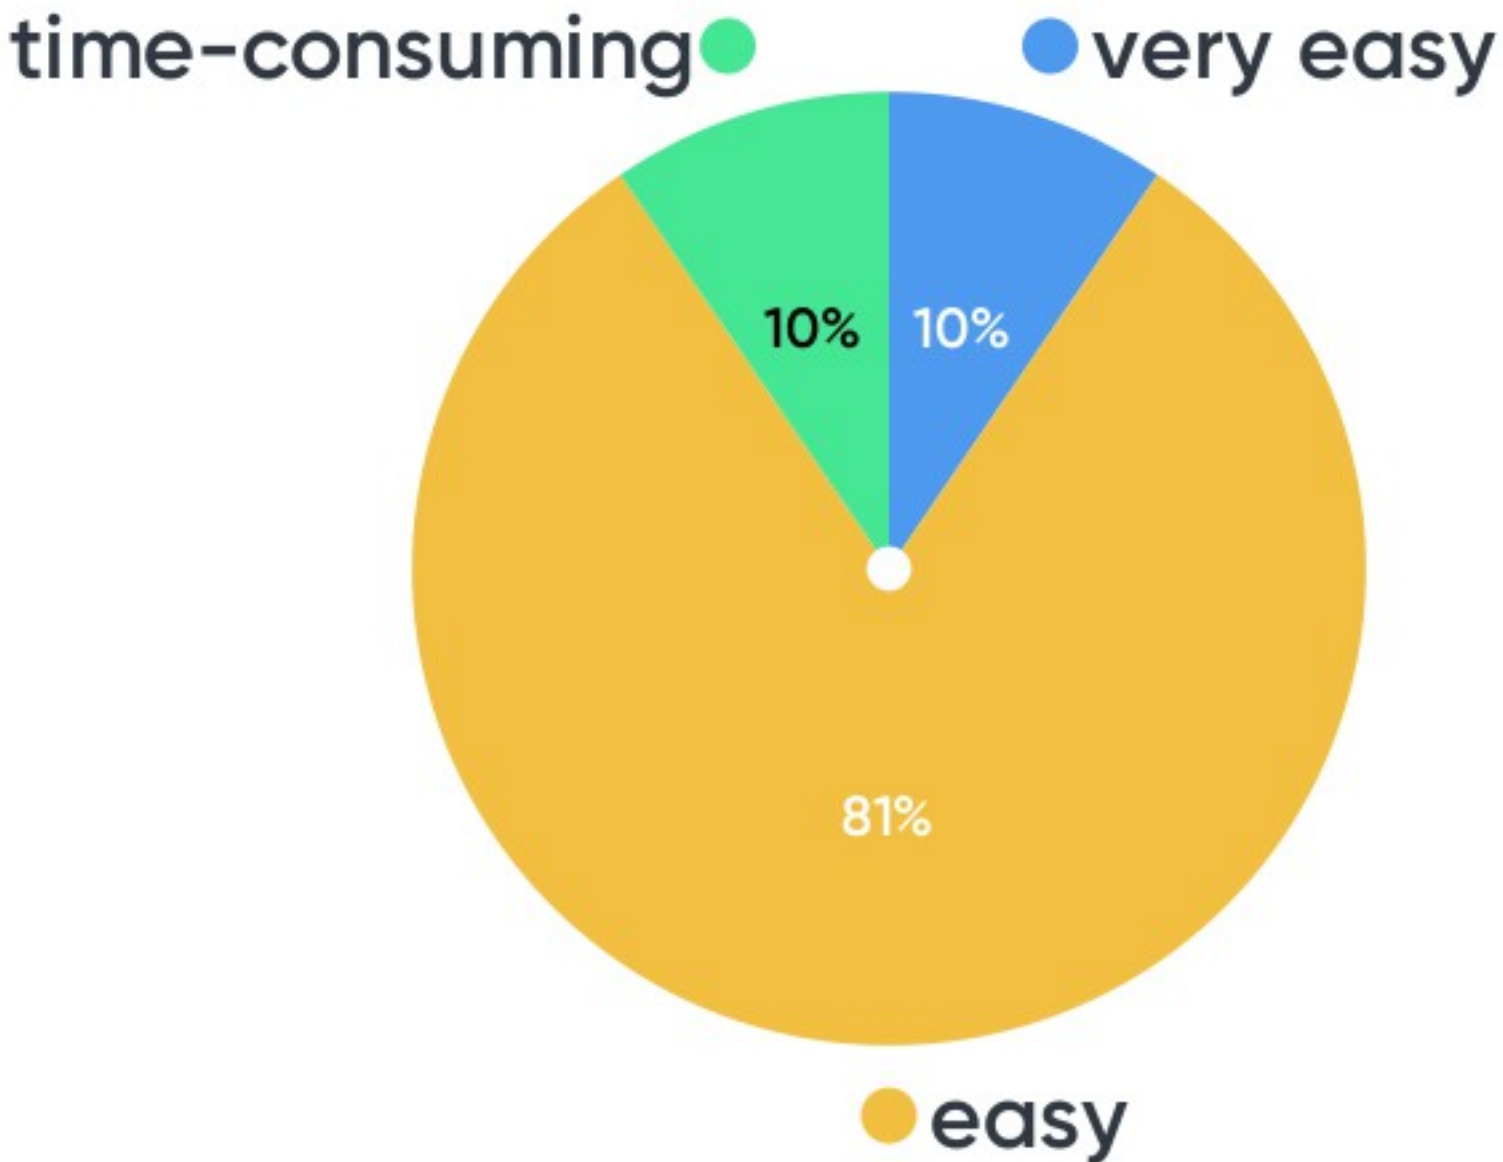

2. How was the image movement?

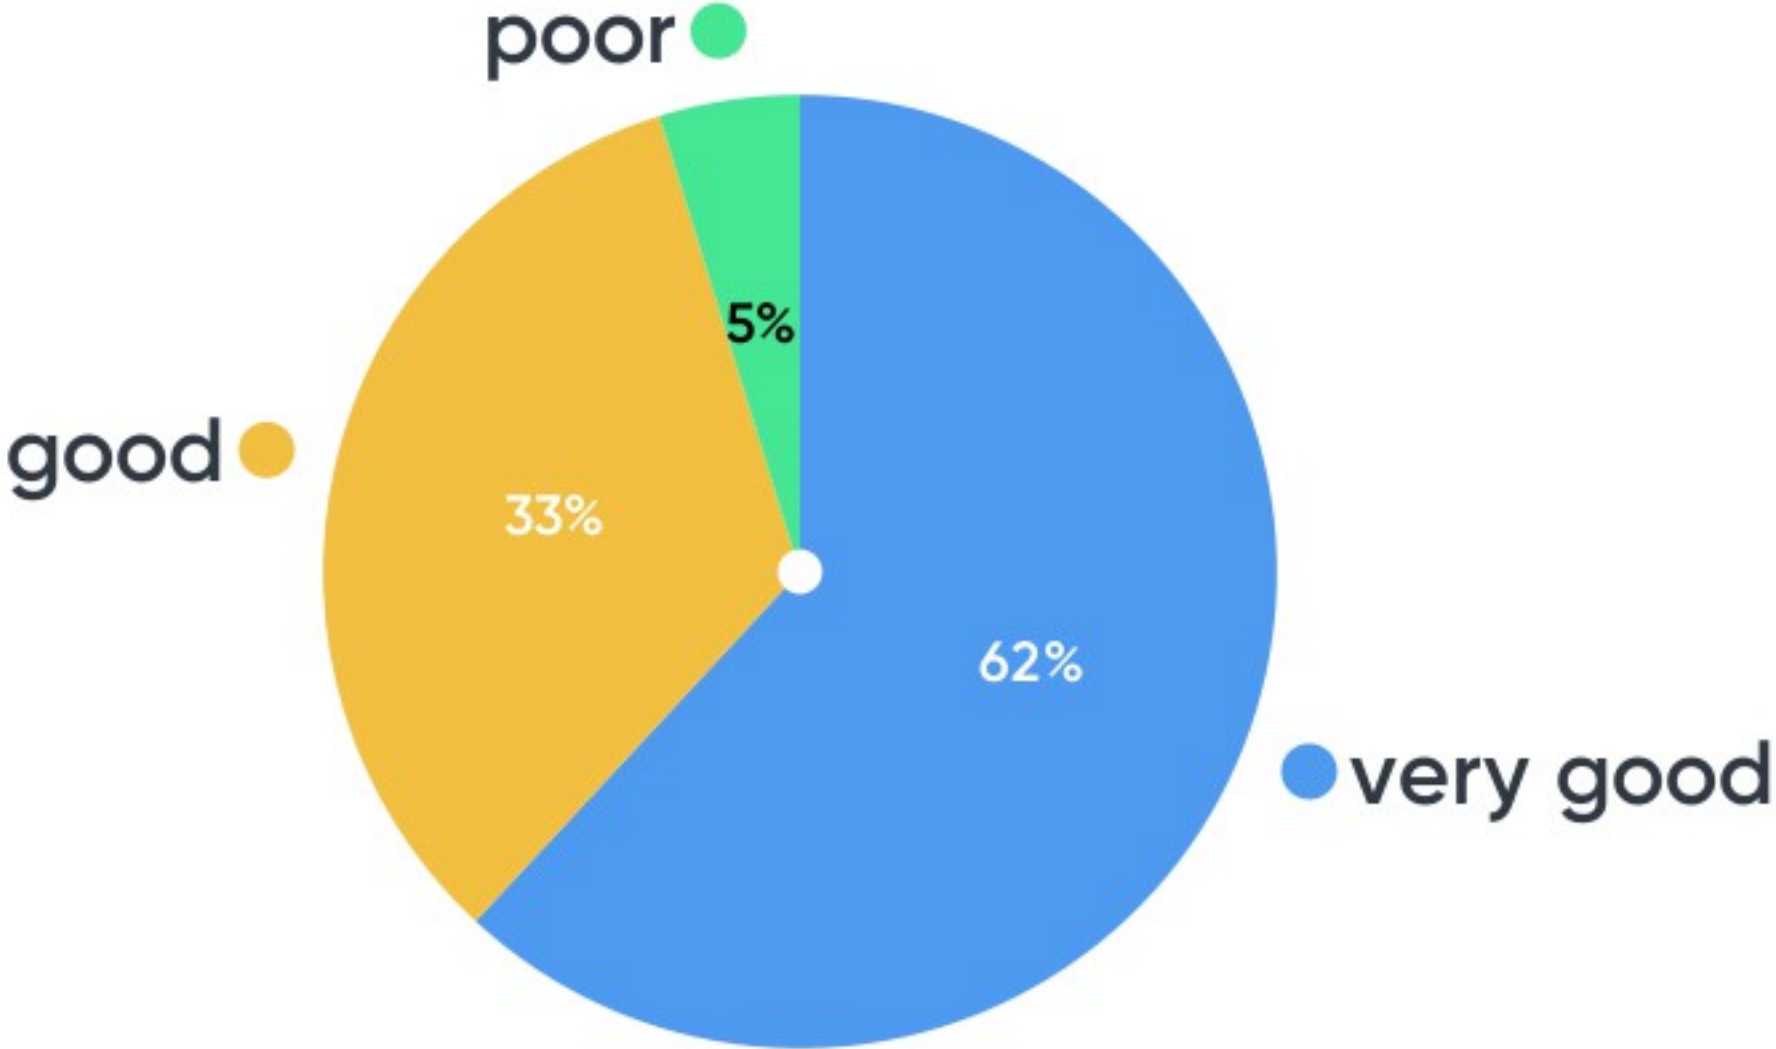

3. How was the quality of sound?

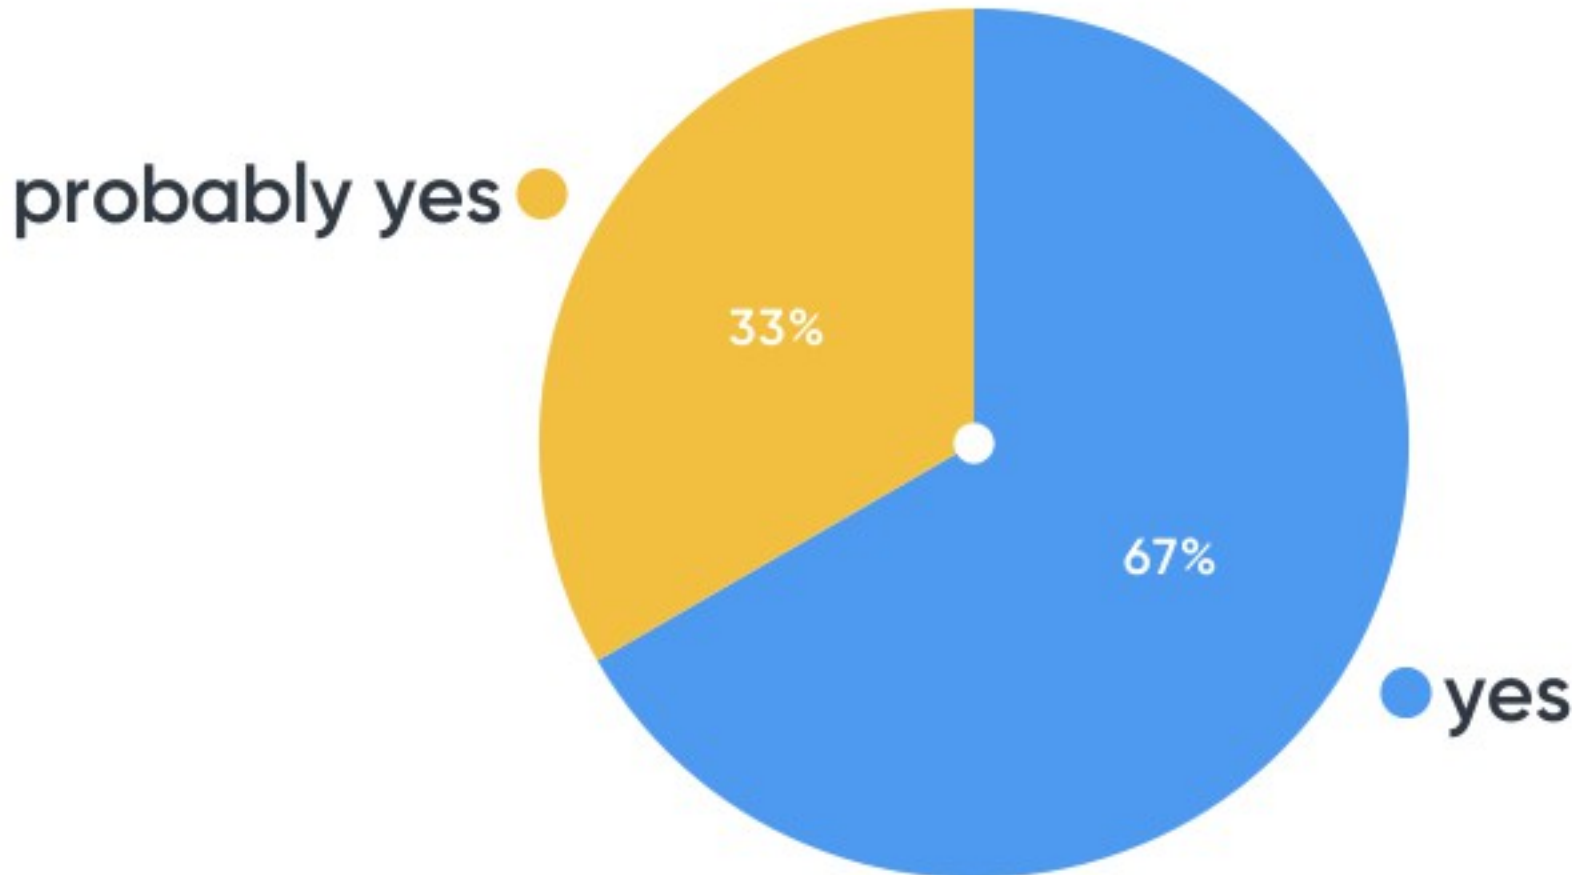

4. How was the preparations?

5. How was the program?

6. Will you attend another teleconference session next time?

7. If you found any problems in teleconference, please write any comments you may have.

some sites made noise during session, image sometime slugging

Nil

Participants joining in the middle of the conference Echo issues

NCI had echo.

Some sites did not switch off their microphone, this resulted in interference when other sites were discussing

Looking forward for next one.

Some times Audio issue.

Some sound and voice may be loop.

Had some audio/echo problems,

7. If you found any problems in teleconference, please write any comments you may have.

not at all

Hi, We have faced some issue of MIC ON from remote participant and echo issues after that. So, need to take care of possible steps to handle them.

No problem

8. Which is your station?
