

Questionnaires about APAN44 – The 16th Endoscopy Club E- conference

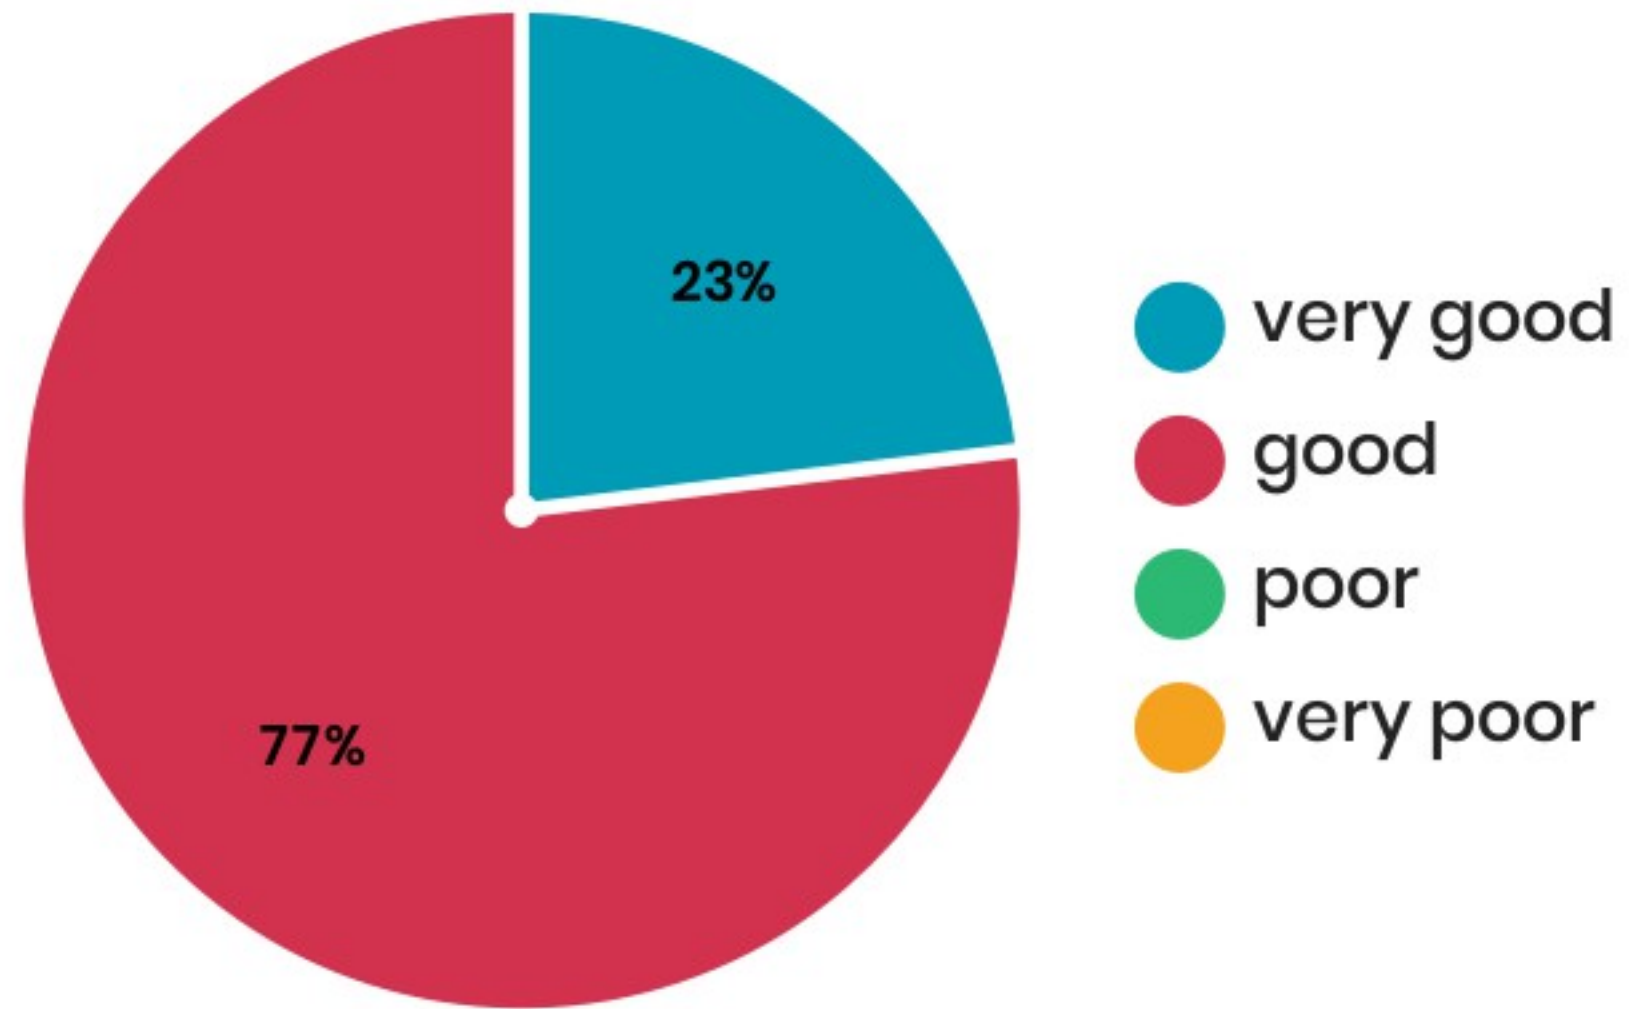

How was the image sharpness?

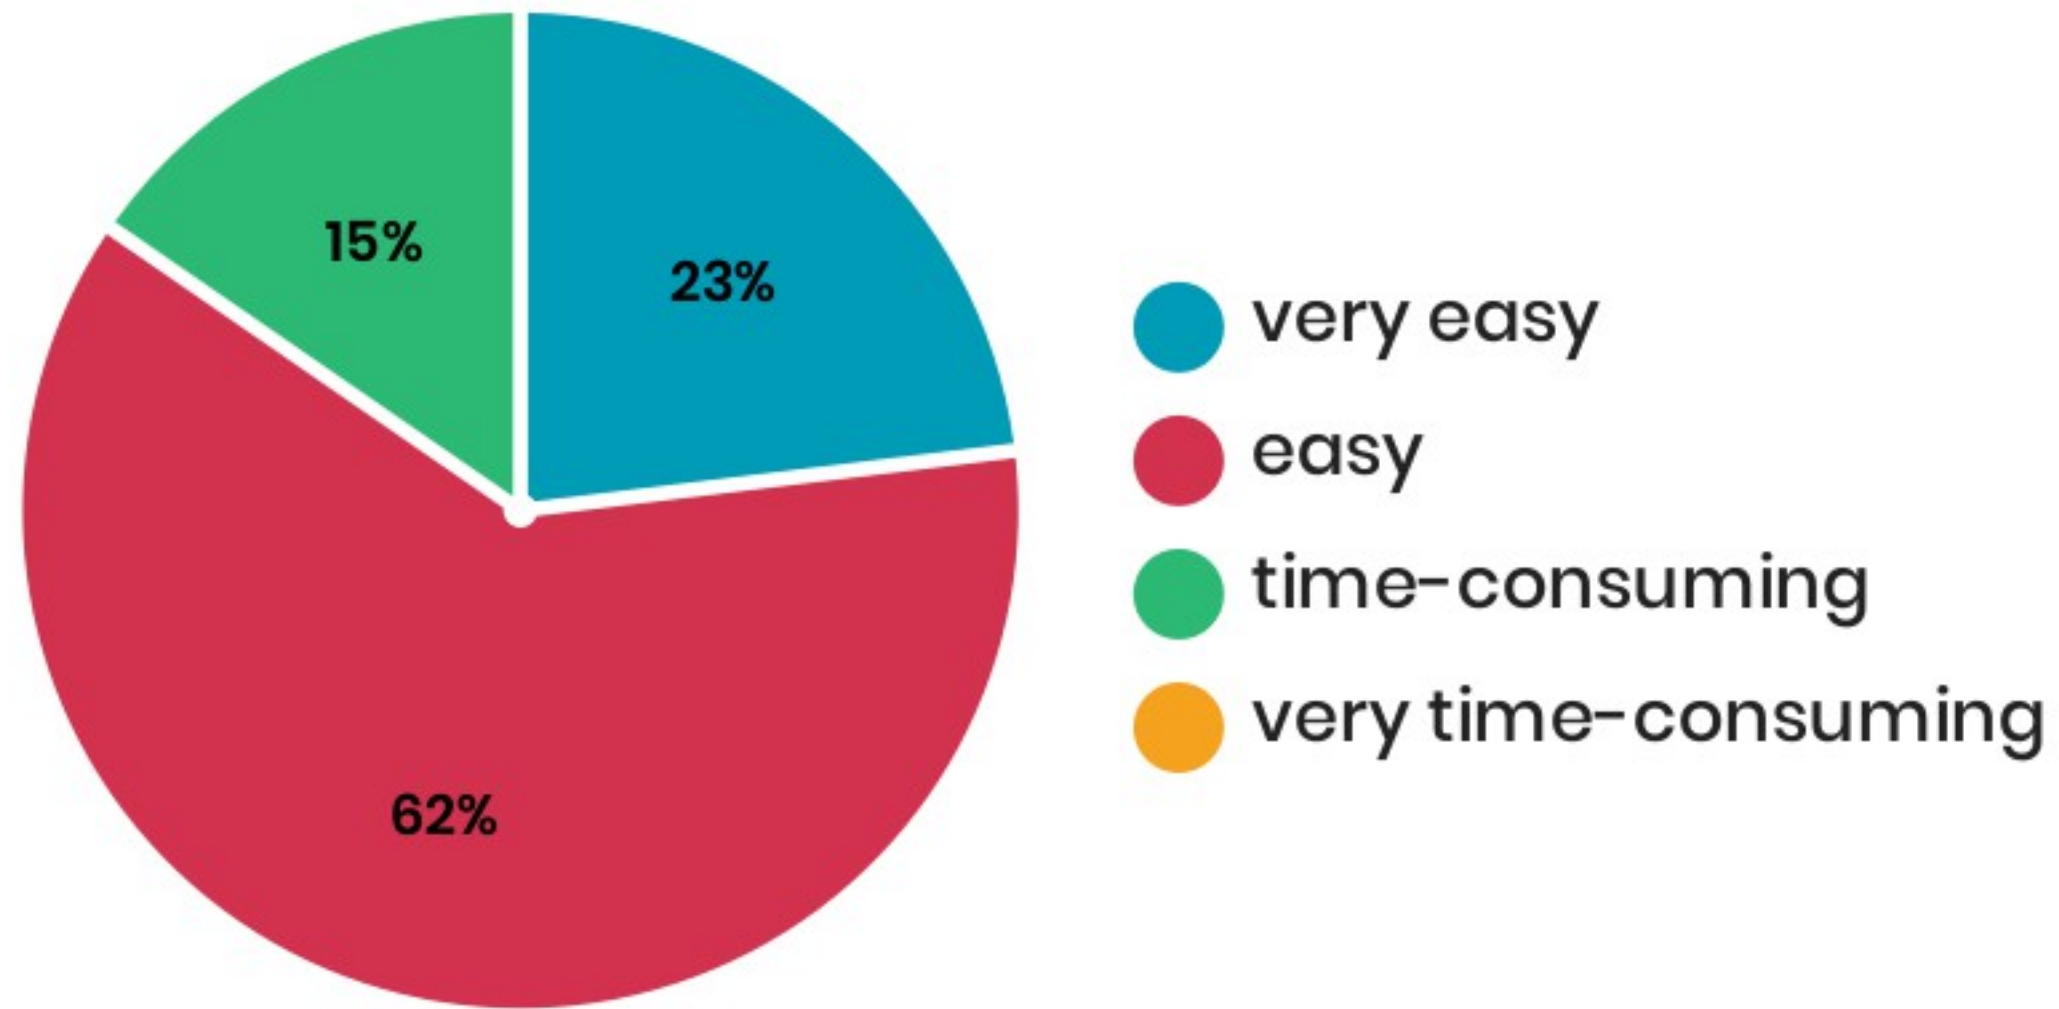

How was the image movement?

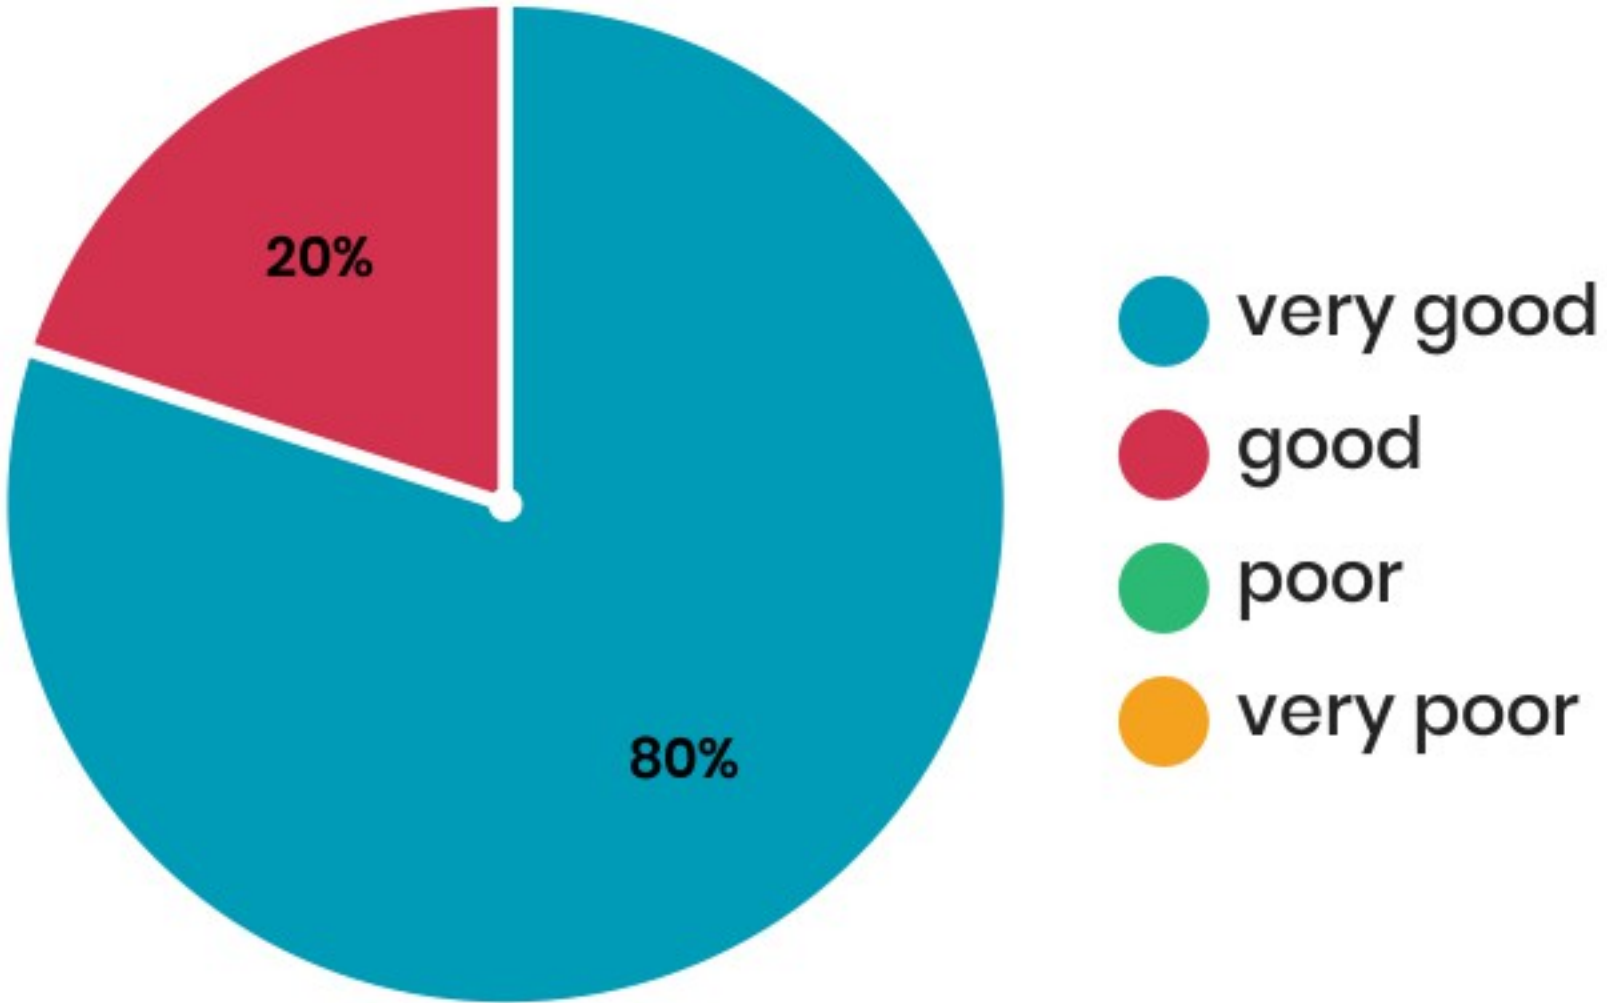

How was the quality of sound?

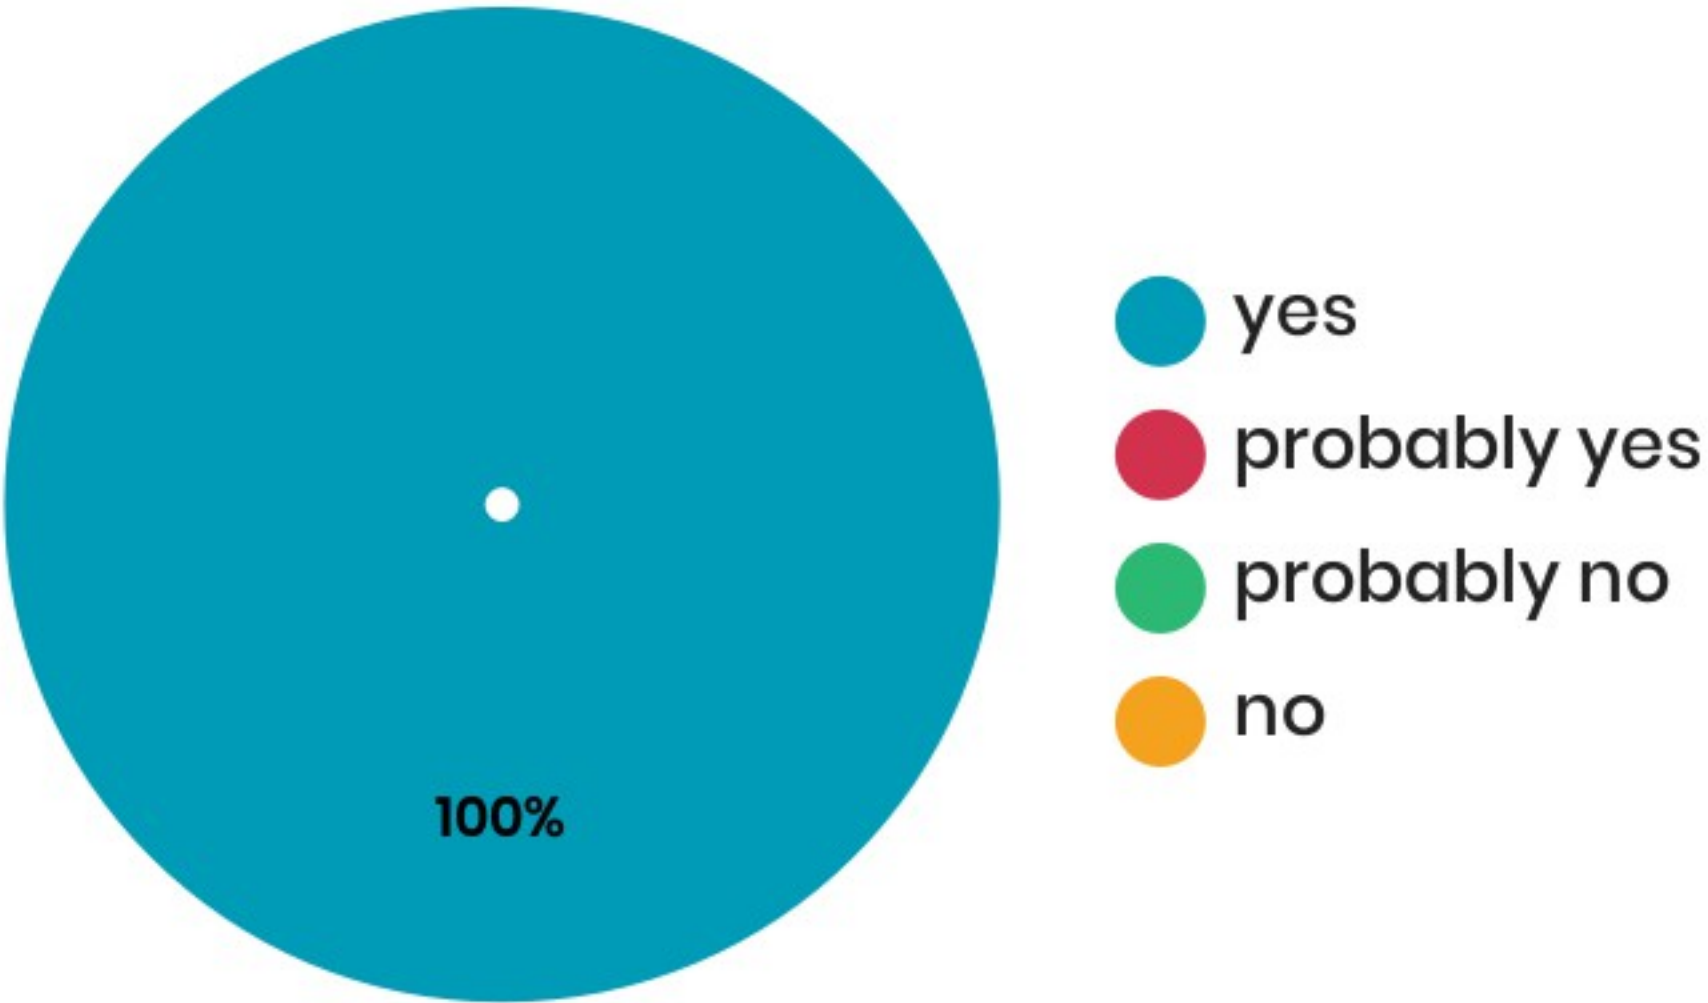

How was the preparations?

How was the program?

Will you attend another teleconference session next time?

If you found any problems in teleconference, please write any comments you may have.

The video camera from some centers were deactivated unintentionally. The local engineers should check on this aspect.

We experienced drop connection twice during the connection. This may be due to our connection and the bad weather we currently have.

NO

nil

Please make sure that all PPT slides are uploaded to the system by all speakers since the presentation from own computer may not be seen som

- nihon university did not respond to questions - chulalongkon university connect half an hour before event finish - USM soud not clear

NA

Which is your station?
