

**Helmut Neumann, M.D., Ph.D.**  
**Professor of Medicine**  
**Department of Medicine 1**  
**University of Erlangen-Nuremberg**  
**Erlangen, Germany**

Dr. Neumann is Professor of Medicine and head of the endoscopic research group at the Department of Medicine 1 at the University of Erlangen-Nuremberg in Germany.

He is actively involved in basic and clinical research in the areas of advanced endoscopic imaging. His main research focus is inflammatory bowel disease, infectious colitis, colon polyps and Barrett's esophagus. Dr. Neumann has received a number of awards for clinical excellence and acts as a reviewer for various journals including Gastroenterology, GI-Endoscopy and Endoscopy.

Intense collaboration also with basic scientists has led to recent publications in Nature, Nature Medicine, Journal of Clinical Oncology, Lancet Infectious Diseases and Gastroenterology. Overall, Dr. Neumann has published more than 150 articles, book chapters, and miscellaneous articles in the field of advanced endoscopic imaging and on new and emerging endoscopic devices.
