

eduroam implementation in Malaysia

26th March 2018

ABD HAMID ARIFFIN

MYREN NOC

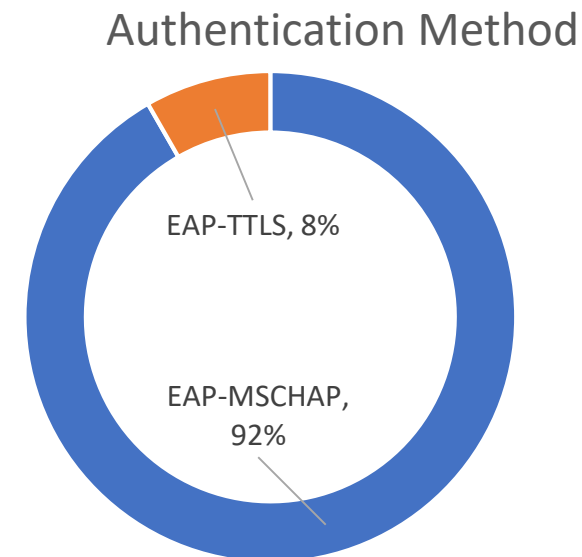

MAJOR CHALLENGES

- Not proper Identity Management (511@university.edu.my instead of hamid@university.edu.my)
- Lack of technical knowledges among universities IT staffs

TRACK RECORD

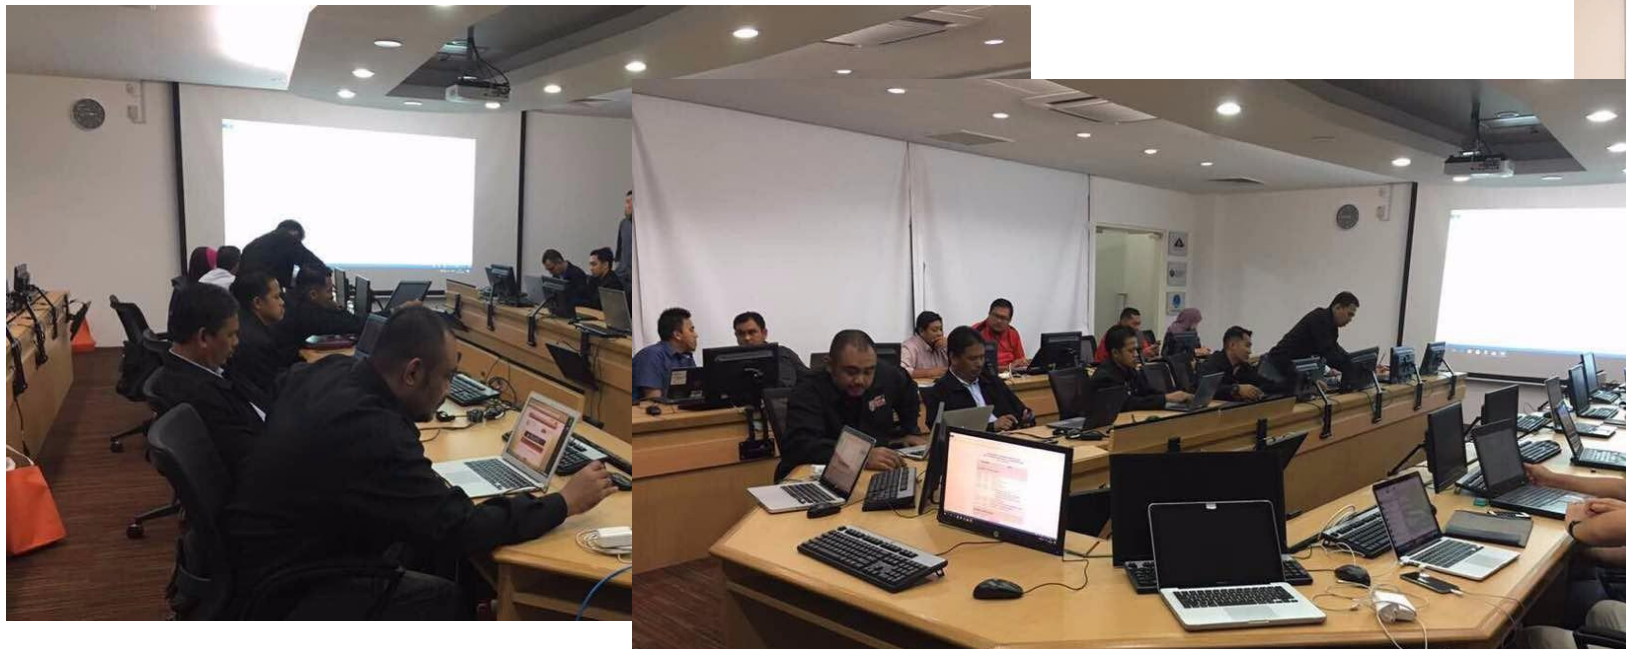

- In 2015 – 3 universities enabled eduroam
- Acceleration started in early 2016 when we joined the XeAP project led by AARNet
- Enabled 2 NRO in Oct 2016 (nro1.eduroam.my & nro2.eduroam.my)
- Currently all 20 public universities and 4 private universities successfully enabled eduroam

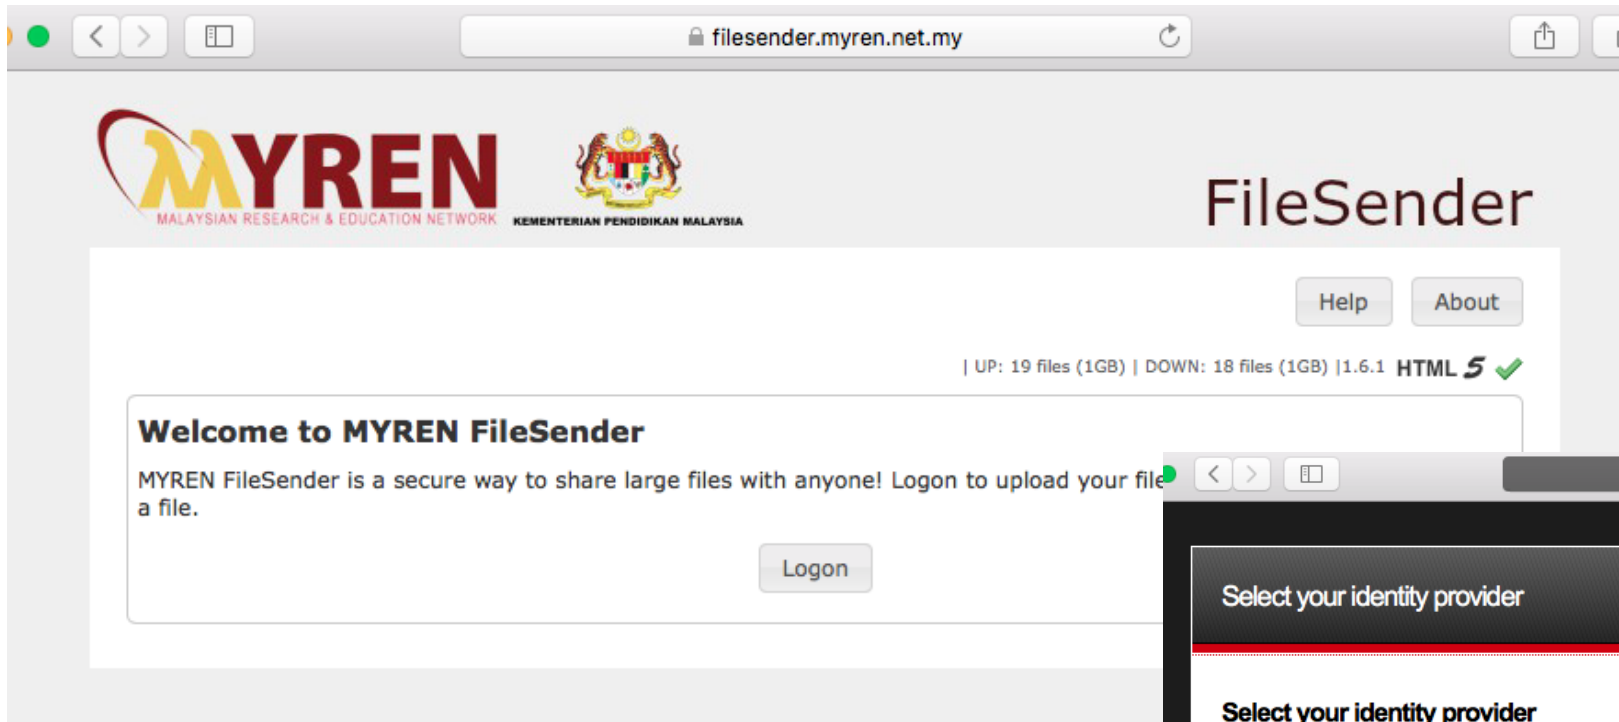

SUCCESS STORY

- eduroam hackathon 2017
- Hosted by Universiti Malaysia Terengganu (UMT)
- Participated by IT Staff from 14 universities
